

Date: 14/01/2022

NOTICE

Heads/Convenors of all the departments/units of the college are requested to go through the following proposals of events, given by the Seminar / Workshop Organising Central Committee, for the year 2022. The proposals have been formulated in accordance with the resolution taken in the Seminar / Workshop Organising Central Committee meeting held on 30.12.21.

Proposal for conducting various academic events in 2022.

PHASE I

In view of the proposed NAAC visit, all the departments are requested to organize Seminar/ Extension lecture/ Workshop/Quiz Contest/Poster Presentation/Debate etc. in their respective subjects. The departments can conduct the same as per their convenience.

It is proposed that each department will organize at least 4 events in 2022 of which one event has to be conducted within March 2022. Other three may be organized in the second, third and fourth quarters of the year.

Heads of the Departments are requested to send the detailed proposals (immediately for the first programme) to the Committee latest by 31st January, 2022.

The Committee also suggests that following departments may conduct Seminar/ Extension lecture/ Workshop/Quiz Contest/Poster Presentation/Debate etc. on specific areas as mentioned below:

Asutosh College

Seminar / Workshop Organising Central Committee
Report for the month of February 2022

ASUTOSH COLLEGE
TZ, S.P. MURHERJEE ROAD, KOLKATA 700026

Postgraduate Department of Zoology
in collaboration with IQAC, Asutosh College
cordially invites you to a Lecture on the occasion of
"WORLD WETLAND DAY"

DATE: 02.02.2022
TIME: 2 P.M. ONWARDS
TO BE STREAMED LIVE ON

TITLE OF THE PRESENTATION IS
"POLLUTION OF RIVERINE ENVIRONMENT
AND ITS CONSEQUENCES"

World Wetlands Day 2022

Every year on February 2nd, World Wetlands Day is commemorated to promote awareness of wetlands. The celebration of World Wetlands Day in 2022 is especially significant, as the UN General Assembly adopted Resolution 75/317 on August 30, 2021, establishing February 2 as World Wetlands Day. Since the 1700s nearly 90% of the world's wetlands have been degraded, and wetlands are disappearing three times faster than forests. Yet, wetlands are vital ecosystems that contribute to biodiversity, climate mitigation and adaptation, freshwater availability, global economies, and more.

The theme for 2022 is Wetlands Action for People and Nature, stressing the need of taking action to ensure the conservation and sustainable use of wetlands for human and planetary health.

SPEAKER
Prof. Ashis Kumar Panigrahi,
Pro Vice-Chancellor,
Department of Pro Vice-
Chancellor's Secretariat,
The University of Burdwan

Date : 02.02.2022

The Postgraduate Department of Zoology in collaboration with IQAC , Asutosh College organised an online lecture on "Pollution of riverine environment and its consequences" on the occasion of "World Wetland Day , 2022 ". The lecture was delivered by Prof.Ashis Kumar Panigrahi , Pro-Vice Chancellor's Secretariat at the University of Burdwan. The entire initiative was live streamed on the official YouTube channel of Asutosh College.

YouTube Link : <https://youtu.be/FYpd7gDBwUQ>

The poster features the Asutosh College logo on the left, which includes the text 'ASUTOSH COLLEGE', 'UNIVERSITY OF CALCUTTA', and 'ESTD - 1916'. To the right, the text reads 'Asutosh College (Affiliated to University of Calcutta) 92 S.P. Mukherjee Road, Kolkata - 700026, West Bengal, India'. Below this, it says 'Eco-club celebrates World Wetlands Day'. A yellow banner across the middle contains the text 'One Day International Webinar on 'Wetlands and Carbon Sequestration''. The bottom section shows two speakers: Mr. Tapan Saha, Senior Scientist (R&D) at the Institute of Environmental Studies and Wetland Management, Govt. of West Bengal, Kolkata; and Dr. Abhirup Bandyopadhyay, Postdoctoral Researcher at the Cognitive & Systems Neuroscience group, SILS, Faculty of Natural Sciences, Mathematics and Informatics, University of Amsterdam, Netherlands. The date and time are listed as 'Date- 2nd February, 2022' and 'Time- 2:00 PM'. A registration link is provided: 'Click to register- <https://forms.gle/VNFFJoKyNVjHna4x5>'. A note states 'All participants will be given e-certificate after submitting feedback form successfully'.

Date: 02.02.2022

Central Seminar/Workshop Committee

Report for the month of March , 2022

Department of Geography

Name of the department : Geography

Date : 9th March , 2022

Day : Wednesday

Post-Graduate Department of Geography, Asutosh College in collaboration with IQAC

The department of Geography organized an online invited lecture on 'Key Concepts in Geomorphology'. The lecture is delivered by the eminent Geomorphologist, Prof. Ramkrishna Maiti of Department of Geography and Environment Management of Vidyasagar University, Midnapore, West Bengal. The lecture was organized dated on 9th March, 2022 in YouTube live streaming mode through the official YouTube channel of Asutosh College, Kolkata.

The lecture was focussed on the fundamental key concepts of Geomorphology, but the speaker added a new flavour in it by adding the field-based case studies to establish his view-point. It was quite innovative deliberation which can be understood by the number of viewers.

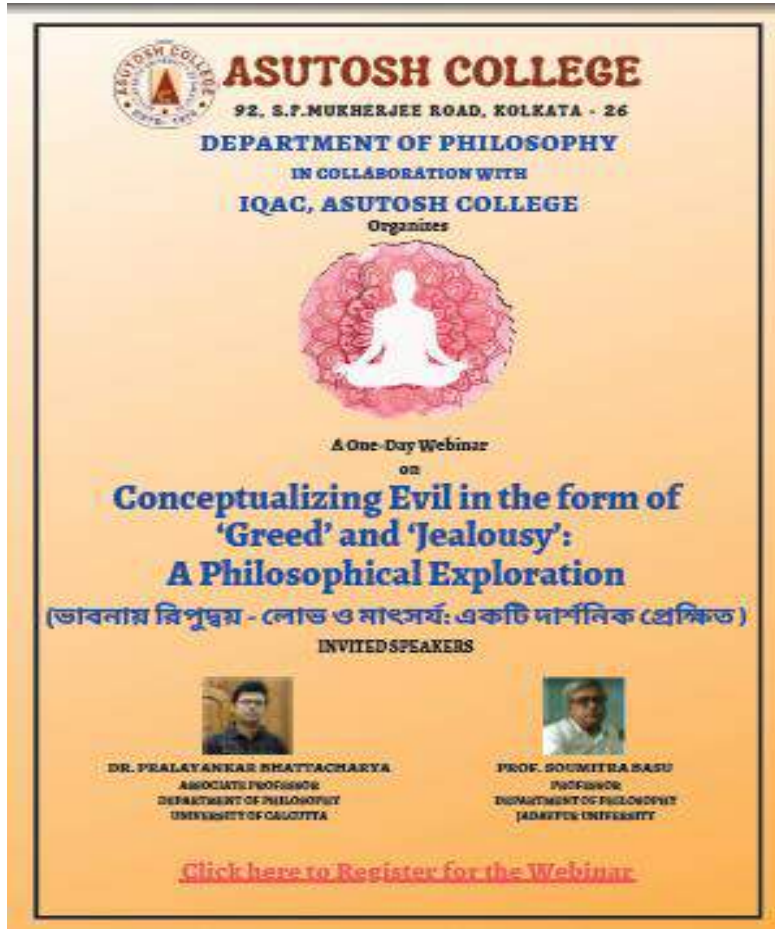

Prof. Maiti gave emphasis on the scale dependency in form-process relationship in different geomorphological environment, especially in fluvial domain in his lecture. Stress was given on the sculpture of landscape as a self-regulatory system. Prof. Maiti is such a pioneer Geomorphologist dealing with the miniature nature-based model study in Geomorphology in actual as well as modified partially controlled environment. He shared his expertise in this field by showing a number of case studies in riverine environments.

Central Seminar/Workshop Committee

Report for the month of March , 2022

Department of English

Name of the department : English

Date : 25th March 2022

Day : Friday

Speakers : Prof. Anjana Deb and Prof. Kushala A. Biswas

Students of the 4th and 6th semesters presented papers on the broad topic of Imagery and Symbolism in Literature.

Three texts were chiefly focussed upon, Tennyson's 'Ulysses', Hemingway's 'The Old Man and the Sea', and Synge's 'Riders to the Sea'. Eleven students were selected to present their papers.

Sneha Guha, Semester 6, won the prize for Best Presentation.

Himank Saklecha, also of Semester 6, won the prize for Best Paper.

Department of Political Science

Name of the department : Political Science

Date :31.03.2022

Day : Thursday

Time : 12:30 PM

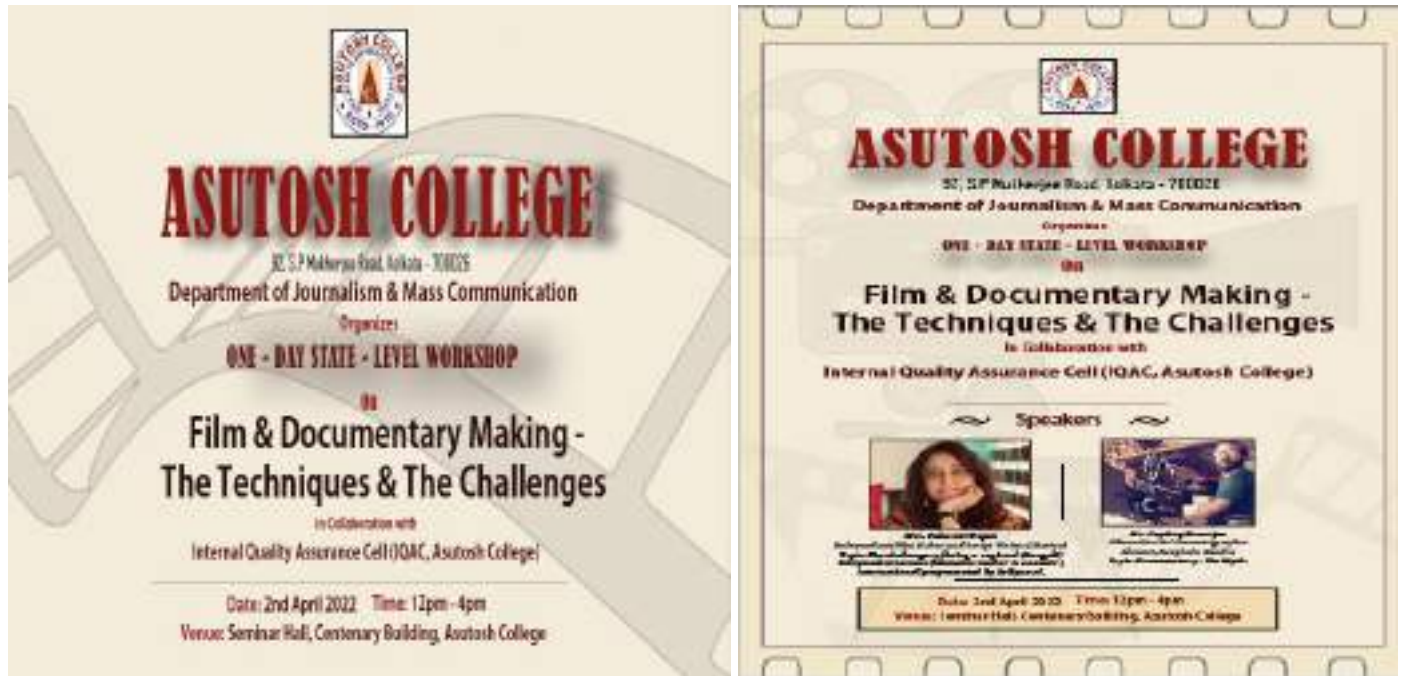

Title of the initiative : Feminism : Reality & Representation

Speakers : Dr.Chandramalli Sengupta , Dr.Supurna Banerjee , Lutfar Rahaman

The said initiative was organized by the Department of Political Science in collaboration with IQAC, Asutosh College. The aim was to understand and realize the problems of representation and thereby finding a solution for bringing about equality and doing away with discrimination. The initiative served as a platform to interact and gather knowledge on a widely disputed topic of national and international significance.

April , 2022

Department of Journalism And Mass Communication

Title of the activity : One Day State Level Workshop on “ Film & Documentary Making Techniques & The Challenges”

Nature of the activity : Workshop

Organisers : Department of Journalism And Mass Communication in association with IQAC , Asutosh College.

Interface : Offline

Venue : Seminar Hall , Centenary Building , Asutosh College.

Resource Persons : Mrs.Debarati Gupta and Mr.Joydeep Banerjee

An offline workshop was organized by the Department of Journalism & Mass Communication on “ Film & Documentary Making – The Techniques & The Challenges “ on April 2nd , 2022 at the Seminar Hall of the Asutosh College, Centenary Building. The esteemed speakers for the said initiative were -

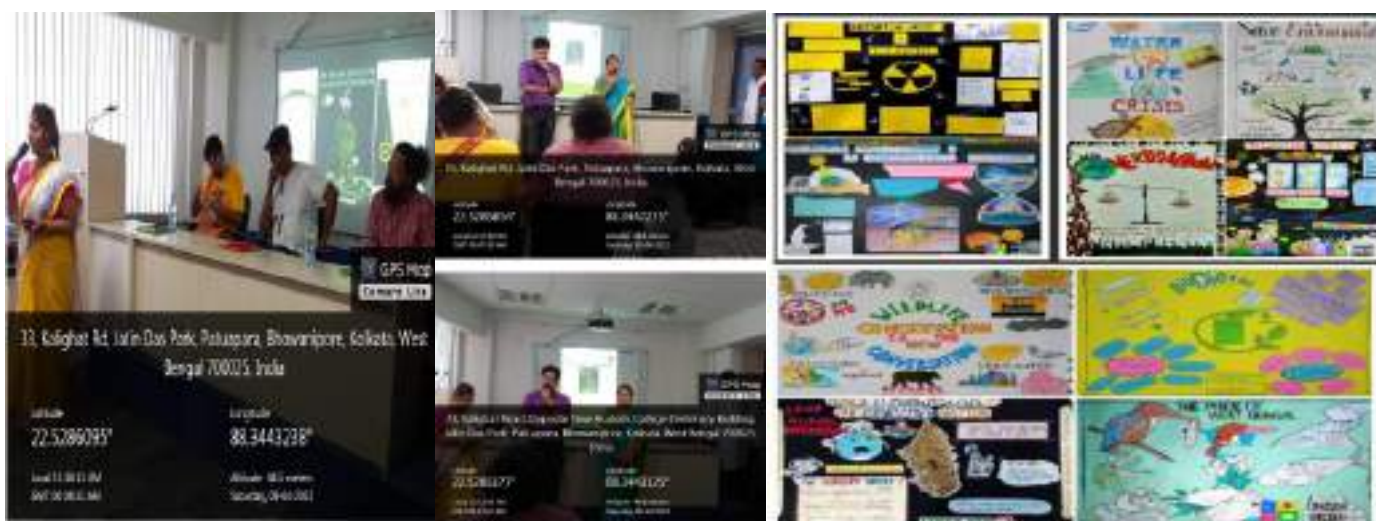

a.Mrs. Debarati Gupta, Independent Film Maker and Script Writer (Fiction) – who enlightened on the topic "The challenges of being a regional (Bengali) independent woman."

b.Mr. Joydeep Banerjee, Documentary "Filmmaker and Cinematographer - Documentary - The Myth."

The participants of the workshop were extremely enriched by the said initiative.

Central Seminar/ Workshop Committee

April , 2022

Title of the activity : “One Day Seminar on Environmental Awareness ”

Organisers : Department of ENVS in association with IQAC , Asutosh College.

Interface : Offline

Date : 9.04.2022

Venue : Asutosh College Centenary Building , Seminar Hall & Asutosh College Campus

Event 1 :

Short Film – Gaachh: The Tree Gaachh is a film about the relationship between human and the trees.

Story and Direction - Somnath Ghosal Edit and Music - Ansuman Cast - Santanu Bandyopadhyay

Impact on Attendees- This beautiful film depicts the relationship between human and nature. It shows an important similarity between humans and trees is that each tree, like each human, is unique and beautiful in its own way. The film shows the correlation between a man’s pure love for trees and his love for nature. Reverberating through ecological-cultural depths, images, sounds and associations push to light, giving shape to a vision of humanity being in tune with nature. The storytelling comes across as a sincere request to tell something about the imaginary world whose condition is going to get extremely worse in the near future.

Event 2

Tree Plantation:

A tree was planted in the college boundary to raise awareness among people of the importance of trees for the environment and also in our daily lives.

April , 2022

During Plantation:

No. of Attendees – 85

Impact on attendees- Just living is not enough; one must have sunshine, freedom, and a little flower.” – Hans Christian Andersen.

Nature is God’s most beautiful creation. It felicitates the growth, development and nourishment of all its creatures. Our college took the initiative of tree plantation to enable the students to enhance their intellectual, social, personal and emotional growth. **The “TREE PLANTATION DRIVE” was organized in the college on Saturday, 9th April, 2022 for all students.** The campaign’s main aim was to direct student’s mind in constructive activities with the positive outcome through the facilitation of contributing to the society. The students participated in the drive enthusiastically and helped each other in planting the saplings. The saplings were planted in the college ground by students.

The students along with the teachers also took an oath to look after the planted saplings, plant more and more trees and encourage others to do the same. Some of the students also shared their experiences and shared their joy with others. Such little steps taken together by the college and students will surely help in fostering strong mental and social health amongst today’s generation so that they connect with their peers, their elders, their community and their environment.

EVENT 3

Poster Presentation:

Impact on attendees- the poster presentation has been eye-opening event as many new and uncommon poster topics were shown which grabbed attention and opened minds on concerning topics. It also helped in engagement of attendees one-on-one on topics of common interest. Hence this event was a successful one.

No. of Attendees - 85

April , 2022

Department of Biochemistry

Students Interaction cum Placement for Internship

Speaker:
Dr. Punyosloke Bhadury
Professor, Department of Biological Sciences (DBS)
Indian Institute of Science Education And Research, Kolkata

□ **Organiser :**
Department of Biochemistry & IQAC, Asutosh College, Kolkata 

□ **Venue:**
Room no. 11, Department of Biochemistry, ACTC Building, 4th Floor,
Asutosh College, Kolkata

□ **Date & Time:**
21st April, 2022 & 11.00 am

All students of semester 6 of Biochemistry Department, Asutosh College are invited to be present.

Initiative One :

Title of the activity : “ Student Interaction Cum Placement for Internship ”

Nature of the activity : Interactive session

Organisers : Department of Biochemistry in association with IQAC , Asutosh College.

Interface : Offline

Date : 21.04.2022 (11:00 AM onwards)

Venue : Room no.11 , Department of Biochemistry , Asutosh College, Kolkata.

Speaker : Dr.Punyosloke Bhadury

Professor, Department of Biological Sciences (DBS), Indian Institute of Science Education And Research , Kolkata.

Brief :

Recruiter: Dr. Punyasloke Bhaduri from IISER, Kolkata

Interns selected: Mehaha Chakraborty, Tilottoma Kar Gupta, Barnashree Das, Paromita Ghosh, Aindrilla Acharya, Aishee Hazra

Summary of the initiative: The interaction cum placement for internship was initiated with the intention to motivate our students for academic enrichment. Students from semester VI were participated and 7 of them were chosen for internship at IISER, Kolkata on the basis of the interaction with Dr. Bhaduri.

Benefit/outcome of the initiative for the students: Our students had a good exposure with a renowned scientist of a very renowned institute. They were highly enlightened and motivated by his speech as well as they came to know about the research exposures and experimental plans from a well known scientist directly.

April , 2022

Initiative Two :

Title of the activity : “ Slogan Competition on Biochemistry in Mankind”

Nature of the activity : Competition

Organisers : Department of Biochemistry in association with IQAC , Asutosh College.

Interface : Offline

Date : Submission date – 30.04.2022

Venue : Room no.11 , Department of Biochemistry , Asutosh College, Kolkata.

Participants : The said competition was open for all the students of the Department of Biochemistry Asutosh College.

Summary of the initiative:

The Department of Biochemistry organised a slogan competition on 30th April for the 2nd, 4th and 6th semester students.

Benefit/outcome of the initiative for the students:The competition was initiated to boost the ability of students to raise their voices for their subject on any platform of Life-Sciences.

Central Seminar/ Workshop Committee

April , 2022

Department of Economics

Title of the activity : “ Economics of Climate Change ”

Nature of the activity : Webinar

Organisers : Department of Economics in association with IQAC , Asutosh College.

Interface : Online over Google Meet

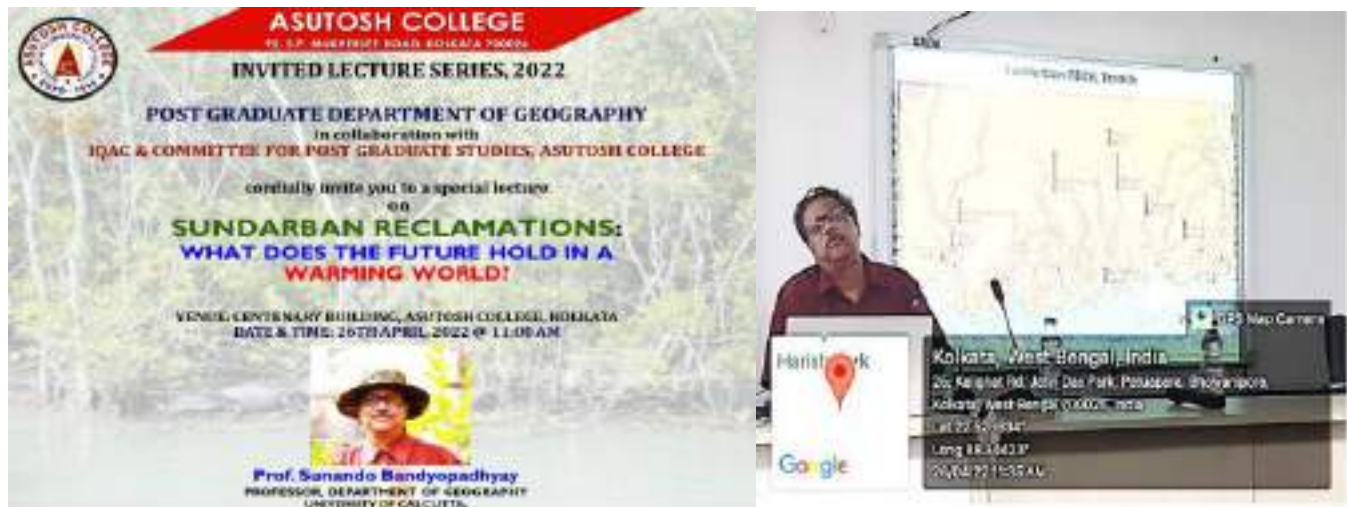

Date : 26.04.2022

Brief Summary of the initiative :

The Department of Economics conducted a webinar on the topic “Economics of Climate Change” on 26.4.2022. The speaker is an alumni of the Department of Economics, Dr. Shyamasree Dasgupta. She is presently the Associate Professor at IIT, Mandi. The audience of the webinar were the students of the Department and also other departmental colleagues. The issue of climate change is a very vital topic since we are experiencing extreme climatic conditions inflicting various challenges for survival in terms of living and livelihood. This webinar was interesting as it focussed on the economics of climate change. Both the students as well as the teachers were extremely benefited by the session.

Department of Geography

Title of the activity : Sundarban Reclamations : What does the future hold in a warming world? ”

Nature of the activity : Special Lecture

Organisers : Department of Geography in association with IQAC , Asutosh College.

Speaker : Prof.Sunando Bandyopadhyay

Professor , Department of Geography, University of Calcutta.

Interface : Offline

Venue – Centenary Building Seminar Hall , Asutosh College.

Date : 26.04.2022

Brief Summary of the initiative :

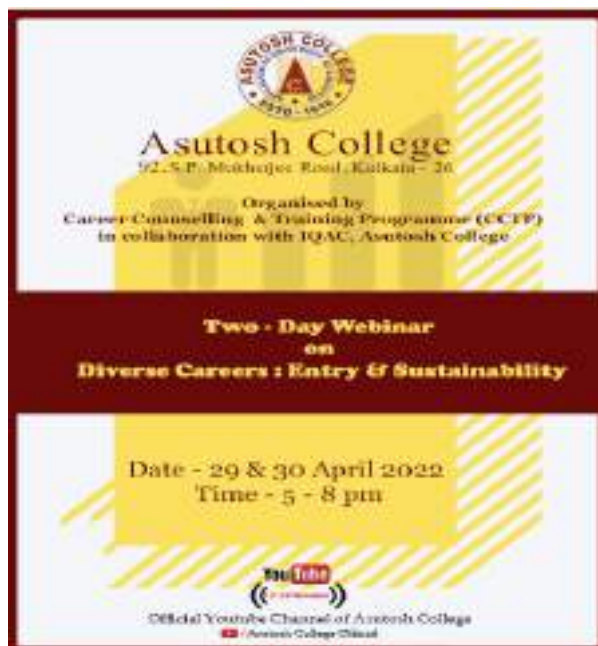

Post-Graduate Department of Geography, Asutosh College in collaboration with IQAC and Committee for Post Graduate Studies organized an invited lecture on ‘SUNDARBAN RECLAMATIONS: WHAT DOES THE FUTURE HOLDS IN A WARMINGWORLD?’. The lecture is delivered by the eminent Geomorphologist, Prof.Sunando Bandyopadhyay of Department of Geography of University of Calcutta, West Bengal. The lecture was organized dated on 26th April, 2022 in offline mode at Asutosh College Centenary building seminar hall. The lecture was focussed on the Geomorphological environment of Sundarban area and its response to climate change. It was quite innovative deliberation which can be understood by the PG students of department of Geography and Geology.

Prof. Bandyopadhyay gave emphasis on the sea level rise issue in Sundarban area by referring a number of reputed recent publications. He stated the sea level rise is not only the issue, which changes the geomorphology of Sundarban, but there are some other complex phenomena which are controlling the holistictidal environment of Sundarban area. He referred the impact of recent cyclonic storm event in that area and its impact over the islands. He has given an idea about the unexplored research gaps over Sundarban area.

Faculties as well as the UG and PG students of Department of Geography actively participated in this programme through a very interactive question-answer round at the end of the session.

April , 2022

Career Counselling Training Programme (CCTP)

Title of the activity : “ Diverse Careers : Entry & Sustainability”

Nature of the activity : Two Day Webinar

Organisers : The Career Counselling Training Programme Unit in association with IQAC , Asutosh College.

Interface : Online.

Live streamed in the Asutosh College Official YouTube Channel.

Date : 29.04.2022 and 30.04.2022

Brief Summary :

The two day webinar aimed at exploring the varied career opportunities in the Corporate World, Administration, Research , Media , Performing Arts and Self Employment. Six specialists from the above mentioned fields were selected to speak about the methods of entry and means of sustaining in it. It further laid emphasis upon how one can deal with the workplace demands and contingencies owing to the changes brought about because of the Pandemic. The narratives of their personal experiences helped the students to identify the different set of career prospects associated to their field of interest. All in all, this was an initiative with a high degree of practical relevance for the young minds.

Department of Business Administration

Activity one :

Title of the activity : “ Workshop on Search Engine Optimisation ”

Nature of the activity : One day offline workshop

Organisers : The Department of Business Administration in association with IQAC , Asutosh College.

Interface : Offline

Venue : BBA Seminar Hall , Asutosh College Training Centre

Date : 30.04.2022

Participants : All current students of the department of all the semesters.

Brief Summary :

The department of BBA in association with IQAC Asutosh College organized a One Day Workshop in collaboration with IMS , Kolkata on the topic “ Search Engine Optimisation ” on 30th April 2022 from 12:00 PM to 2:00 PM IST. The resource persons were Mrs. Debapriya Banerjee (Senior sub – editor in ABP Pvt.Ltd). The total number of participants were 80. The convenor for the said initiative was Dr.Rupa Rahila and Dr.Sudip Ghosh & Prof. Pinaki Dey were the Joint Convenors. The students actively enjoyed the participative session and was highly benefitted.

April , 2022

Activity two -

Title of the activity : “ STATA & SPSS ”

Nature of the activity :Special Lecture

Conducted by : Prof. Supriyo Das

Assistant Professor & Head ,

Department of Business Administration , Asutosh College

Interface : Offline

Venue : BBA Seminar Hall , Asutosh College Training Centre

Date : 29.04.2022

Participants : All current students of Semester VI.

Brief Summary :

Special class on application of STATA & SPSS software for business research has been conducted by Prof. Supriyo Das, HOD, Department of BBA on 29-04-2022 at 2.00 p.m. Beyond course curriculum this class has been arranged by Prof. Das, as an extension activity so that students are equipped scientifically to prepare their research project and can improve the value of their research work. Altogether 60 students of BBA for Semester-VI have attended the class. After attending the said class, students have been quite enthusiastic to apply newly learnt software for their research project.

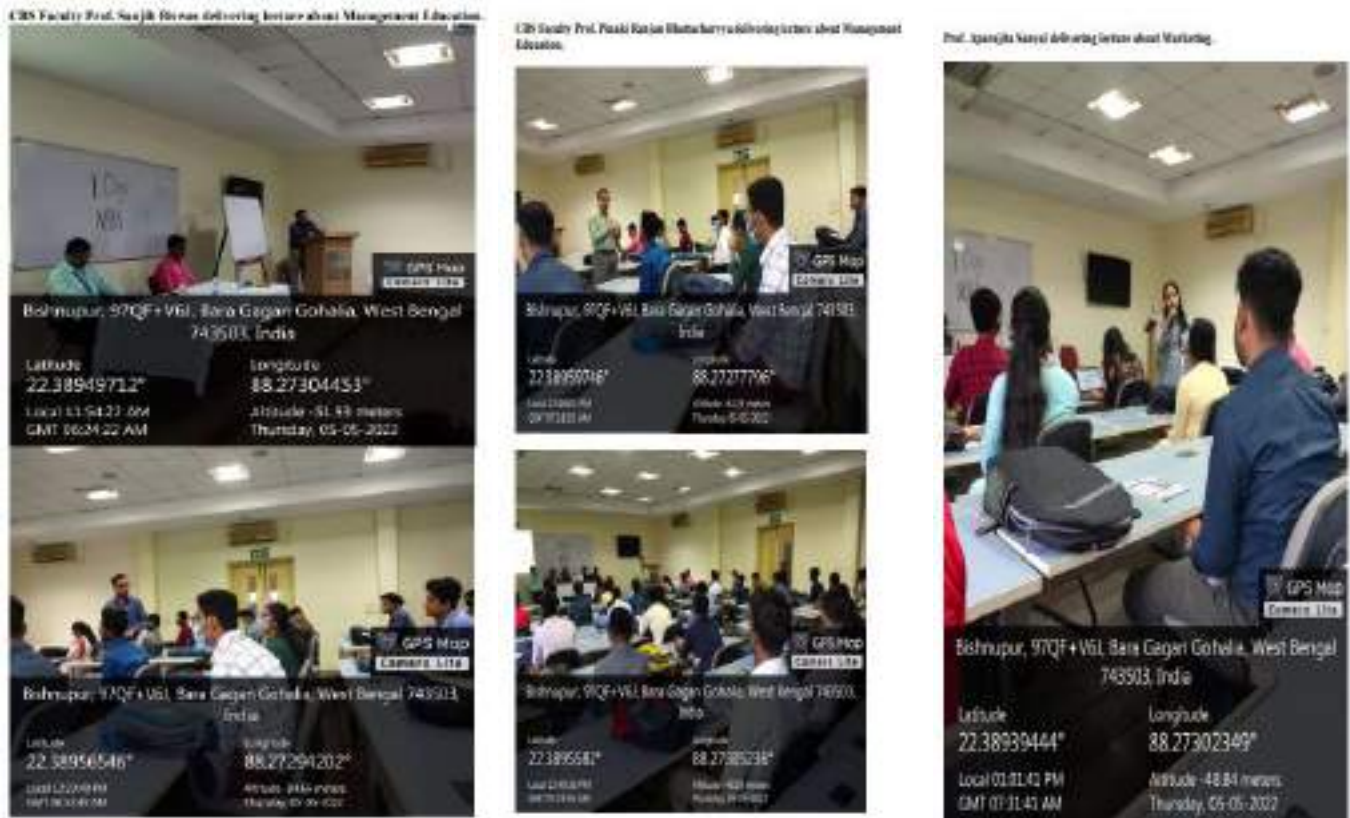

May , 2022

Department of B.Voc(SD)

Career Development Workshop Series on "One Day MBA" dated 05/05/2022, at Calcutta Business School

An academic tour to the Calcutta Business School was organised by the B Voc department wherein , the students were taken to the said campus and was made to attend a session on Management Education delivered by the esteemed professors of the institution. The students were diligently taken care of by Sri. Santanu Modak and Smt.Beauty Sarkar who were both present with them the entire day for the same. The students were adressed by the Principal of the institution Prof (Dr) Vijay Nimbalkar followed by an academic session by the estemmed faculty fraternity.

Department of Physics

Inaugural Speech by Prof. Bikash Pal

Interaction with IQAC Coordinator Dr. Sripama Datta Roy

Name of the Dept. – Physics

Date & Day – 05/05/2022, Thursday.

Name of the seminar/webinar/workshop - Workshop on Applied Electronics

The organising committee -

1) Dr. Amit Kumar Bhattacharjee (convener),

2) Dr. Surjya Sarathi Bhattacharyya & Dr. Manorama Chatterjee (Joint convener),

3) Dr. Amit Kumar Bhattacharjee (Flyer Preparation),

4) Dr. Parikshit Dutta (Event Organizer),

5) Dr. Aditi Das (Joint Event Organizer),

6) Participants - Students of Semester 4 Honours.

7) Interview Panel –

(a) Prof. Bikash Pal, Retired Professor, Department of Physics, Asutosh College &

(b) All faculty members of Department of Physics.

Central Seminar/ Workshop Committee

May , 2022

Brief Summary -

The workshop was inaugurated in the presense of our Honourable judge Prof. Bikash Pal, Prof. Apurba Roy (Vice Principal), Dr. Manas Kabi (Bursar), Prof. Rina Kar Dutta (Teachers Council Member) and Dr. Sriparna Datta Roy (IQAC coordinator), alongwith the faculty members of the Department and 30 student participants of the 4th Semester Honours. Prof. Pal in his inaugural speech highlighted the importance of Application of Electronics for career progression in higher academics. All invited guests interacted with the student participants to learn about their Project and their varied application outside the domain of the subject. With the help of a Desktop PC/Laptop and Arduino uno board, students demonstrated various projects ranging from LED as traffic light to displaying decimal numbers from 0-7 using 7-segment display and LED. Details can be found in the attached Participation and Score card.

The students then faced a viva-voce by Prof. Pal & other faculty members of the Department. Depending on the overall performance these students earned the rank: 1st. Soumyajit Das, 2nd. Tamal Majumder, 3rd. Sourish Das & Rohit Dhawa.

Student Viva-voce with Demonstration

ASUTOSH – PIBM SKILL CENTRE

Organising Committee :

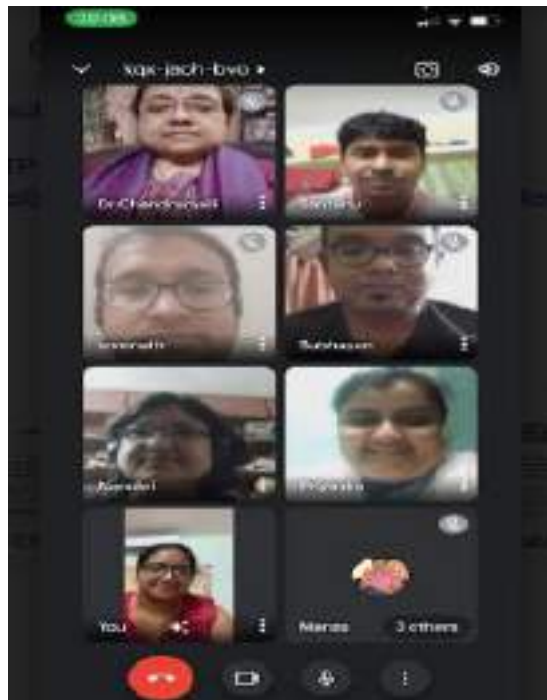

-
- Prof. Apurba Ray (Vice Principal)
-
- Dr.Manas Kabi (Bursar)
-
- Dr.Sriparna Datta Roy (IQAC Coordinator)
-
- Dr.Bidisha Datta (Convenor of the SDP)
-
- Dr.Sayanti Kar (Organising Secretary)
-
- Mr.Rishi Bhattacharjee (Organising Secretary)
-

Objective of the FDP :

For skilling the students on logical reasoning, aptitude verbal communication , and domain (management specific knowledge) which would enable them to face competitive exams as well as face entrance tests for higher studies. The SDP was held across a span of 3 working days.

RABINDRA JAYANTI, 2022
CAREER COUNSELLING AND TRAINING PROGRAMME
ASUTOSH COLLEGE

An almost impromptu event was organised on 9th May, 2022 evening by the Career Counselling and Training Program Team of Asutosh College to celebrate Rabindra Jayanti on the occasion of the 161st Birth Anniversary of Rabindranath Tagore from 7:00pm to 8:30pm in online mode using Google Meet platform.

The programme was initiated with a brief speech by Dr. Sajal Bhattacharya, Associate Professor in Zoology and Mentor of CCTP. Dr. Chandramalli Sengupta, Associate Professor in Bengali and Coordinator of CCTP read stories about Tagore written by Tagore's Literary Secretary and author Shri N.S. Sengupta. It was followed by a recitation of Tagore's poem by Dr. Supatra Sen, Associate Professor in Botany. Dr. Priyadarshini Mallick, Assistant Professor in Microbiology also recited a poem on Tagore named "Ektara" written by Shri Ramchandra Pal. Dr. Rimjhim Ray, Assistant Professor in Psychology sang a soulful Tagore song. Another song was sung by Ms. Surama Bera, Assistant Professor in Mass Communication and Journalism. Dr. Nandini Mukherjee, Assistant Professor in Economics shared her personal feelings about Rabindranath, so did Mr. Debabrata Chanda, Teacher in Geography. Recitation by Dr. Subhayan Dutta, Teacher in Environmental Sciences performed next.

A recorded synthesiser recital by Ms. Sneha Dutta, Teacher in BBA was also played. An instantly composed poem during the programme keeping relevance to the event was recited by Dr. Somnath Das, Assistant Professor in Sanskrit. Thanks towards the members was expressed by Shri Santanu Modak, Teacher in Software Development in B.Voc for the cultural evening. CCTP team members Mr. Tapas Soren from Sociology, Dr. Parikshit Dutta from Physics and Ms. Antika Sinha from Computer Science encouraged everyone with their presence.

Finally Dr. Manas Kabi, Bursar, Asutosh College joined and thanked the entire team for efficiently conducting the event in such a short span of time. The programme was summed up by the Coordinator. Vote of thanks was offered by Ms. Priyanka Mukherjee, Teacher in Biochemistry, who also very efficiently and effortlessly anchored the entire programme with less than 5 minutes' of preparation. The evening was enriching and was thoroughly enjoyed by all who joined the programme.

May , 2022

Department of Psychology

REPORT FOR WEBINER ON 12.5.2022

Time: 2pm to 3pm

Guest Lecturer: Prof. Sujata Chatterjee.

Associate Professor and BOS member

Dept of Psychology,

Bijoy Krishna Girls College,

Howrah.

Topic : Effect of mobile addiction on mental health.

1. Excessive use of smartphones lead to attention deficit, sleeplessness, anxiety and tiredness
2. Teenagers tend to overuse their phones more than other age groups. Studies show the earlier a teen starts using a phone, the higher the risk of problematic use patterns.
3. During the last decade, there has been a widespread increase in the usage of mobile phones which resulted in an increase in electromagnetic radiations in the environment. These radiations have harmful effect on both plants and human being
4. Excessive smartphone use is associated with difficulties in cognitive-emotion regulation, impulsivity, impaired cognitive function, addiction to social networking, shyness and low self-esteem.

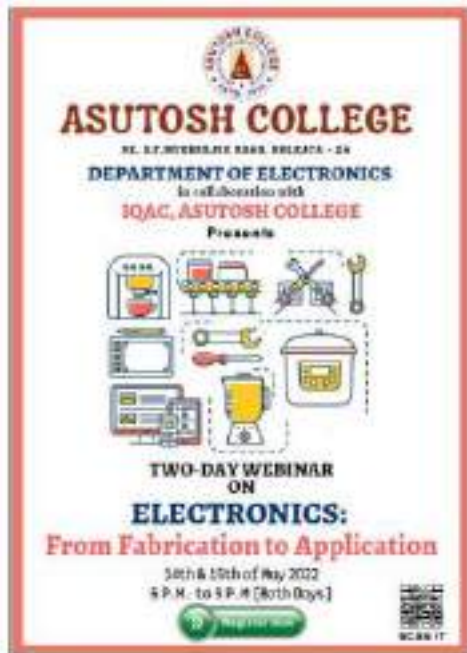

Feedback: Prof. Chatterjee spoke in detail regarding various negative outcomes of using phone. She mentioned some research data about how much time the young people are investing on cell phones . She also mentioned about the radiation and how that causing harm to the environment, some detrimental effects on mental health . Semester 6 students really very grateful and found the session really informative and helpful.

Department of Electronics

Initiative – 01

Initiative - 02

Electronics: From Fabrication to Application The department of Electronics, in collaboration with the IQAC – Asutosh College, organized a two-day National level webinar named “Electronics: From Fabrication to Application” on 14th and 15th May 2022 and it was streamed live on the official channel of Asutosh College as well as through Google Meet platform. The resource persons of the said program are chosen from different locations of India namely Kolkata (University of Calcutta), Barasat – Kolkata (West Bengal State University), Hyderabad (BITS- Pilani Hyderabad Campus) and Warangal (SR University) with wide variety of technical expertise.

Central Seminar/ Workshop Committee

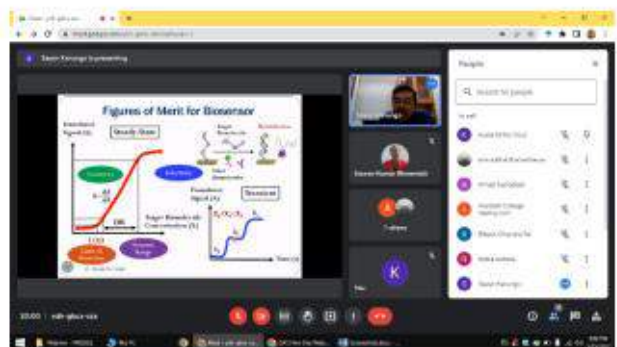

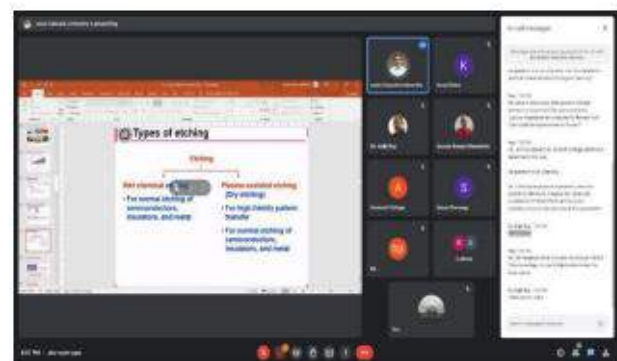

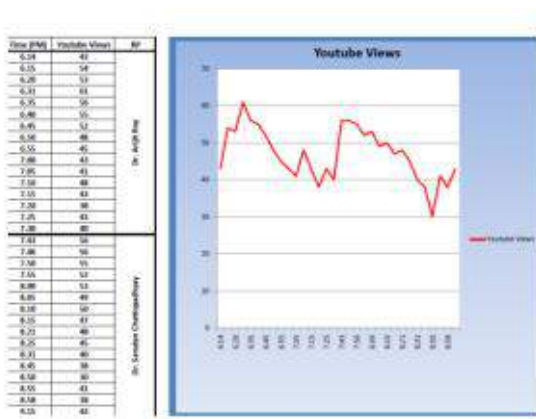

May , 2022

The program was announced all over the World through social media networks and personal contacts and as a result participants registered for the program not only from West Bengal but also from other states of India and from US and Japan as well. Total 178 number of registered participants attended the webinar very actively and interacted with the resource persons with several interesting doubts and questions.

On day-1, Dr. Arijit Roy of West Bengal State University gave his presentation on how basic semiconductor components can be utilized for several day to day activities of common people. Later on the same day, Prof. (Dr.) Sanatan Chattopadhyay presented another wonderful lecture on the process steps of semiconductor device fabrication which was not part of under-graduate course curriculum but an integral part of learning the semiconductor science and technology.

On day-2, Dr. Sandip Bhattacharya gave the 1st lecture on basic sensor technique in Humanoid Robots. Robotics is a new age application area of Electronics and Dr. Bhattacharya gave a wonderful presentation for the participants, specifically for the UG students and the participants enjoyed his lecture thoroughly. After that, Dr. Sayan Kanungo delivered his talk on Emerging Electronic Devices for Bio-sensing Application. Biosensors are modern day applications of Electronics that are widely used in various medical testing kits. Both the lectures motivated the participants to think out of the box and they asked several questions to the resource persons and they answered the questions with their expert knowledge.

The webinar was extremely successful in terms of active participation of the register participants from all over India and abroad. The expert resource persons shared their knowledge to a wide variety of students and responded their queries and also shared their contact details for further interaction beyond the scheduled webinar. Following are few snapshots of the program:

Date: 22.05.2022; Sunday

Convener: Dr. Anindita Dey

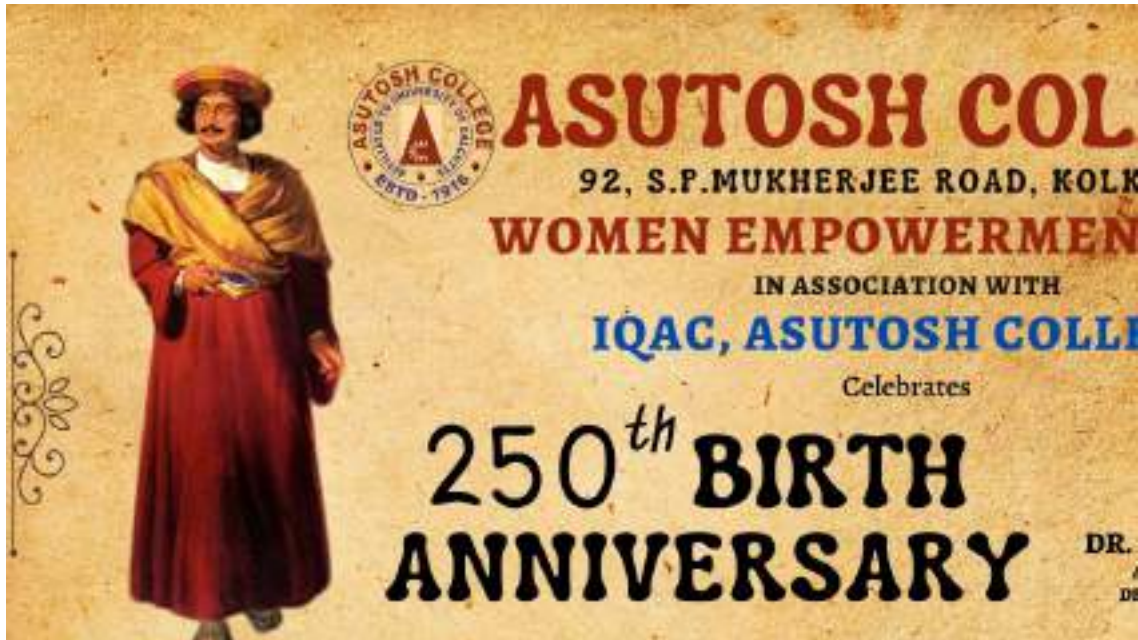

Paper Presenters: 10 students of the Department of Botany of Semesters 2, 4 and 6

To commemorate the International Day of Biological Diversity, 10 students from semesters 2, 4 and 6 were selected and mentored by Dr. Anindita Dey and Dr. Supatra Sen to present their papers on diverse aspects of Biodiversity. Their excellent presentations were followed by lively interaction and inputs from other respected faculty members also from other Departments.

The presentations were so well appreciated that the respected Bursar Dr. Manas Kabi suggested a book volume where the papers could be published in print for greater circulation and readership.

The students and their mentors are now working towards achieving this landmark.

REPORT ON EXTENSION LECTURE

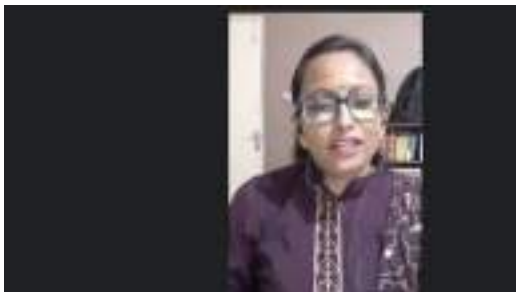

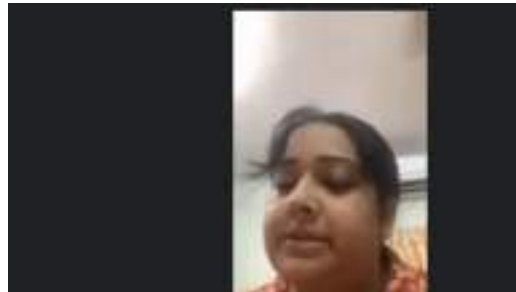

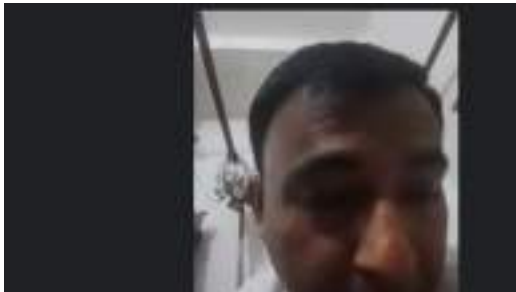

On May 22, 2022, Asutosh College Women Empowerment Cell, in collaboration with IQAC, Asutosh College, organised a one-day extension lecture on *Raja Rammohan Roy on Women Empowerment*.

Raja Ram Mohan Roy, the Renaissance's forerunner, is one of Bengal's and India's most illustrious philosophers. When India and Bengal's entire culture was surrounded by superstition, poverty, harassment-neglect-oppression of women, and the failure of Indian education in the eighteenth century, Ram Mohan Roy arrived. The picture of Bengali society, culture, and religious change has emerged from her beliefs on women's rights and education. To future enlightened generations, he is the epitome of India. Raja Ram Mohan Roy was called a "Bharatpathik" by Rabindranath Tagore for his great achievements. As a result, Ram Mohan Roy's contributions to social reform, women's rights, and education in India and around the world are still relevant in the twenty-first century. In this regard, Asutosh College's Women Empowerment Cell, in collaboration with IQAC, Asutosh College, hosted a one-day extension lecture on Raja Rammohan Roy on Women Empowerment on May 22, 2022, to commemorate the 250th birth anniversary of the Father of Indian Renaissance.

Dr. Avijit Banerjee, Assistant Professor, Department of Bengali, Womens College, talked at the occasion about Raja Rammohan Roy's contribution in an online lecture session. He talked about how Rammohan pioneered Indian society, culture, and education, and how he became

the new India's prophet. The speaker also recounted other instances in which Raja Rammohan Roy battled society to protect women's rights, education, and equality. The engaging talk gave students a better understanding of how Raja Rammohan Roy affected the destiny of women, society, and India as a whole.

BIRTHDAY CELEBRATION OF SIR JULIUS RICHARD PETRI
&
STUDENTS' POSTER PRESENTATION COMPETITION
(SEMESTER IV AND SEMESTER VI STUDENTS OF DEPARTMENT OF MICROBIOLOGY)

Theme: a. Contribution of Sir Julius Richard Petri in the field of Microbiology
b. Modern Microbiological Techniques
c. Microbiological impact on Society

Venue: Asutosh College Main Building (Room No-30)
Date and Time : 31st May 2022, 12 Noon. onwards

A **Poster Presentation Competition** with Semester VI and Semester IV under graduate students was organized by Dept. of Microbiology, Asutosh College on 31 May 2022, Wednesday, to commemorate the 171st Birthday of Sir Julius Richard Petri.

Central Seminar/ Workshop Committee

May , 2022

Convener:

Dr. Kuntal Kanti Goswami, HOD, Dept. of Microbiology, Asutosh College.

Organizing Committee:

Faculty Members of Dept. of Microbiology, Asutosh College.

Judges:

1. Dr. Chandra Chaudhuri, Associate Professor, Dept. of Biochemistry, Asutosh College.
2. Dr. Sajal **Bhattacharya**, Associate Professor, Dept. of Zoology, Asutosh College.
3. Dr. Soma Haldar, Associate Professor, Dept. of Botany, Asutosh College.
4. Dr. Sriparna Dutta Roy, Associate Professor and IQAC coordinator, Dept. of Zoology, Asutosh College.

Summary & Benefit of the Programme:

The competition had nurtured young minds and inculcated zeal of research idea and initiative among students. The competition had revealed in students; increased research awareness and enthusiasm, improvement of professional presentation and self-evaluation skills, and promotion of active learning and collaboration with peers and professors. Poster presentation even helped them to bridge knowledge between theoretical and laboratory work. There were total 81 students who had participated in this event and they were divided into 10 groups.

Results:

1st Rank: Group A

Department of Biochemistry

Date: 1st June, 2022

Title of the event: Alumni Series Lecture: Following the Footprints.

Name of the Department: Biochemistry

Organizing Committee: Department of Biochemistry, IQAC, Asutosh College

Summary of the event:

The Department of Biochemistry organized the one-day seminar as a part of the alumni lecture series that was initiated back in 2020. However, this was the first offline seminar after the covid-break. The speaker of the day was Dr. Mohammad Azharuddin, an alumnus of the department from the batch of 2005-2008. He is presently a post-doctoral researcher Cambridge Display Technology Limited Cambridge (London), England. He enlightened the present students of the department with his journey from graduation to scientist position. He also talked about his PhD thesis work on nanobiotechnology and its application in the cornea diseases. He delivered the lecture on his post-doctoral research work on application of nanoparticles in cancer biology and vaccine development. He talked about the new technique of 3D tumor spheroid in vitro model for profiling drug resistance in cancer cells that his laboratory has developed. Additionally he talked about the state-of-the-art real-time optical microscope for next generation 3D tumor environment imaging and real-time monitoring to study the complex profile of 3D spheroids.

Benefits/outcome of the initiative for the students:

The sole purpose of the conducting the alumni lecture series in the Department of Biochemistry is to encourage the present students to develop meaningful ambitions in the subject areas. This alumnus talk gave an idea to the students about the cancer research work and the new developing techniques in this field. This was an opportunity for the students to interact with the alumnus of their own department and to clarify their queries regarding their future goals. This interactive and encouraging seminar was very much helpful for the students as this helped them to develop visions about the research work that can be done after graduation in the subject. They also received suggestions of how to apply in different fields of research within India and abroad.

Department of Psychology

Date: 14th June, 2022

Time: 12 p.m onwards

Venue: The Department of Psychology, Asutosh College

Co-ordinators: Dr. Rimjhim Ray & Prof. Somlata Acharyya Chowdhury

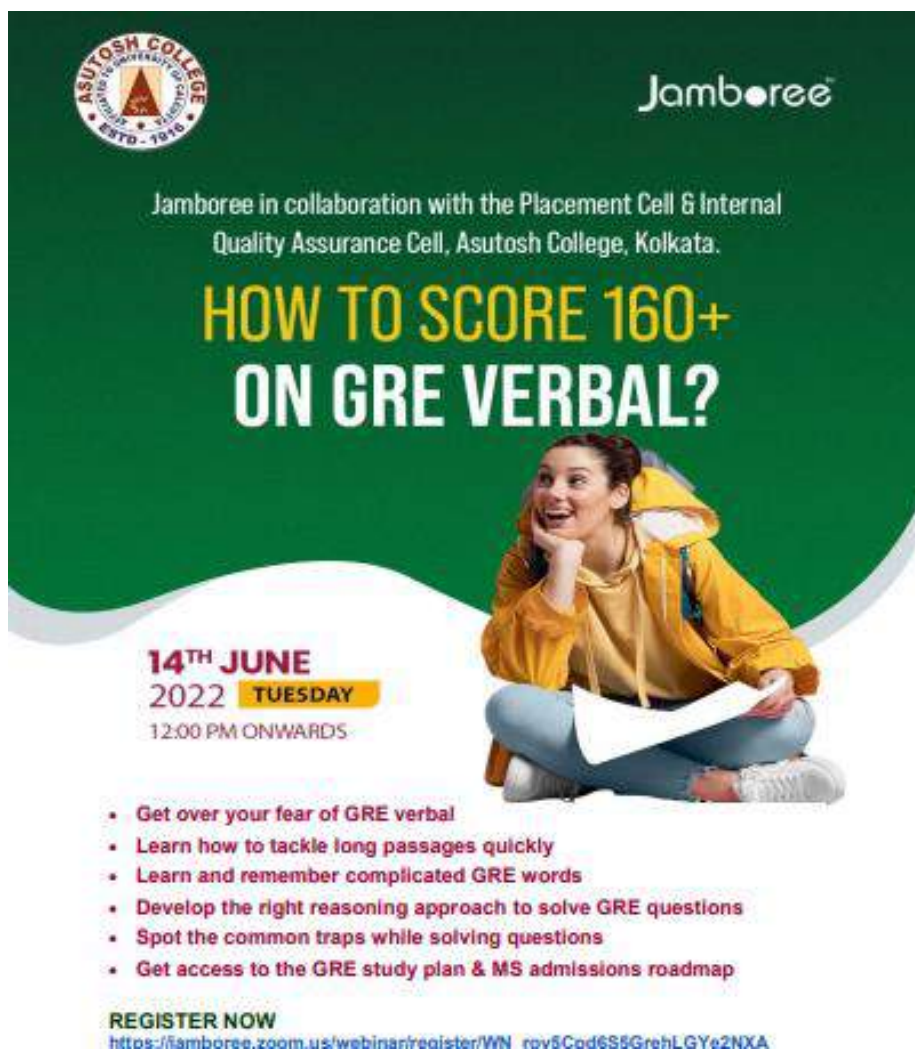

Main Theme: Pride

Brief Summary of the initiative :

Sub-topics covered: LGBTQIA terminologies, concept of pronouns, history of pride march, queer heroes, decriminalization of sec 377, derogatory effect of conversion therapy, steps to create a gender neutral academic environment.

Departmental students participated and presented posters depicting various themes of Pride. They shared their views on different aspects of Pride march and acceptance of LGBTQIA community. This event was followed by a webinar on the main theme.

DATE: 14th JUNE 2022, TUESDAY

TIME: 12:00 PM

SPEAKER: SANGEETA ROY (SENIOR VERBAL FACULTY)

Brief summary of the initiative :

Jamboree Education in collaboration with the Placement Cell and Internal Quality Assurance Cell, Asutosh College, Kolkata organised a live webinar for their students who are aspiring for Masters abroad after their graduation. The GRE expert discussed key topics that helped the students put things in better perspective.

At the end of this webinar students were able to: • Get over their fear of GRE verbal • Learnt how to tackle long passages quickly • Learnt and remembered complicated GRE words • Developed the right reasoning approach to solve GRE questions • Spot the common traps while solving questions • Got access to the GRE study plan & MS admissions roadmap.

Department of Microbiology

An Extempore Competition with UG Microbiology (Hons.) Semester II, IV and VI students was organized by Dept. of Microbiology, Asutosh College on 20th June 2022, Monday.

Convener:

Dr. Kuntal Kanti Goswami, HOD, Dept. of Microbiology, Asutosh College.

Organizing Committee:

Faculty Members of Dept. of Microbiology, Asutosh College.

Judges:

Semester II

1. Dr. Priyadarshini Mallick
2. Dr. Gajendranath Maity
3. Mrs. Parbatee Nag

Semester IV

1. Dr. Arpita Mandal
2. Dr. Sankar Chandra Basu
3. Mr. Nirmalya Chakraborty

Semester VI

1. Mrs. Nilanjana Bose
2. Dr. Kuntal Kanti Goswami

Summary & Benefit of the Programme:

This programme was aimed to improve –

- i. Students' overall presentation skill (including scientific vocabulary and speech fluency)
- ii. their self confidence
- iii. their ability to self evaluate

Student of each semester have selected their topics through lottery. Each student was given 1 minute to think on the topic and 2 minutes time for speaking. Evaluation was done on the basis of their knowledge on the topic, fluency and clarity of thought.

Results:

Semester	Name	Rank
II	JUNAID JAVED	1st

One-Day Seminar
On
ONLY ONE EARTH

Organized by: -
DEPARTMENT OF ENVIRONMENTAL
SCIENCE

in association with
IQAC, ASUTOSH COLLEGE

7th June, 2022

01:00 PM

Objectives of the seminar: -

Celebrating the 49th ENVIRONMENT DAY (5th June 2022) on the theme of "*ONLY ONE EARTH*" mirroring 1st world environment day held in 1974 Spokane US. The seminar's aim was to spread concern among the students about the current "*Triple Planetary crisis*", we are consuming 1.7 planets a year. But we have *Only one earth* and we have to accept it. The actions that are already taken by us is not enough to protect it. It is our responsibility to restore nature to its full glory. We have to transform our food systems. We have to make our cities green. It's our goal to look up for a sustainable future without the fossil fuels plastics. We have to heal our mother nature; we have to take enough care of her because we have "*ONLY ONE EARTH*"

Programme details: Our Chief Guest for the day, Dr. Sajal Bhattacharya, Associate Professor of Department of Zoology (Convenor, PG Board of Studies, Asutosh College) delivered the inaugural speech of the seminar and enlightened all of us with his knowledge. Dr. Manas Kabi, Bursar of our college also inspired the students and faculty members highlighting the significant scope and prospects of studying environmental science.

The faculty members of the Environment gave lectures on various aspects keeping in mind the theme of the World Environment Day, 2022- 'Living sustainably in Harmony with Nature'.

Name of the Faculty	Title of the seminar
Smt. Shramana Roy Barman	Role of youth for sustainable future
Sri. Indrajit Ghosh	Bioremediation and environment
Ms. Chandrani Dutta	Harmful effects of paper
Smt. Arundhati Ganguly	Ecological intelligence and sustainability
Dr. Santanu Chowdhury	Carbon footprint: A step towards sustainable environment
Dr. Kaizar Hossain	Community participation in pollution mitigation
Dr. Arijit Chatterjee	Conservation of wildlife in villages
Dr. Sayanti Kar	Small steps to a better tomorrow

EXTEMPORE COMPETITION: Topic- 'Only One Earth'

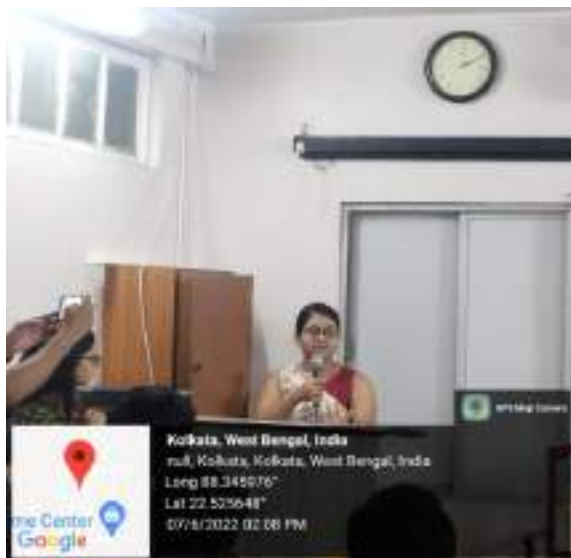

The list of Participants is given below:

2nd SEM

- Urjaswee Bhowmik
- Indrayan Ray

4th SEM

- Ritayan Mukherjee
- Ziniya Ghatak
- Sibaditya Mandal

DEBATE COMPETITION:

Topic: Lockdown - Bane or Boon for the environment

Team 1: 4th Semester:

For The Motion speakers- Tahsin Tinab, Bijit Chatterjee

Against the Motion speakers- Ashish Gaurav, Rajashree Sain, Shreyashi Chatterjee

Team 2: 2nd Semester:

For the Motion speakers- Swapnosampon Mitra, Debatray Mitra, Arpan Mondal

Against the Motion speakers- Subhankar Baidya, Anubhav Dey, Tulika Moulik

Prize distribution: -
Ziniya Ghatak (Extempore 2nd year)

Subhankar Baidya

Anubhav Dey

Tulika Moulik

(Against the motion speakers 1st year)

Outcomes from the seminar:-

To focus on creating lifestyle changes based on sustainability, in such a way that, it is feasible and practical enough to be carried forward on by the next generations and help protect the only planet that supports human life, the only home and hope for us.
- Earth.

The seminar was a revisit to the motives and theme of the 1st UN Conference, at Stockholm ,1972 which was the extended to this year's theme on World Environment Day by the United Nations, at Sweden- "ONLY ONE EARTH: *Living Sustainably in Harmony with Nature.*"

- Name of the Department- Environmental Science
- Date & Day – 24.02.2022
- Name of the seminar / webinar / workshop – E Magazine Launch
- Organizing committee – Department of Environmental Science
- Brief summary of the initiative – The e-magazine, “The Earth Talk: Changing Perspectives” brought forth by the students and faculty members of the Department of Environmental Science, Asutosh college, is envisaged to build an environmental insight and bring forth green thinking. This online magazine aims at building a virtual bond between the students and faculty members alike through sharing of knowledge. This magazine targets at raising awareness and sensitizing the readers about current environmental crisis and developments made towards mitigating them.

One Day Seminar on Environmental Awareness

Organized by:-

Department of Environmental Science

Asutosh College

University of Calcutta

Date – 09/04/2022

EVENT 1

Short Film – Gaachh: The Tree

Gaachh is a film about the relationship between human and the trees.

Story and Direction - Somnath Ghosal

Edit and Music - Ansuman

Cast - Santanu Bandyopadhyay

Impact on Attendees- This beautiful film depicts the relationship between human and nature. It shows an important similarity between humans and trees is that each tree, like each human, is unique and beautiful in its own way. The film shows the correlation between a man's pure love for trees and his love for nature. Reverberating through ecological-cultural depths, images, sounds and associations push to light, giving shape to a vision of humanity being in tune with nature. The storytelling comes across as a sincere request to tell something about the imaginary world whose condition is going to get extremely worse in the near future.

During Seminar:

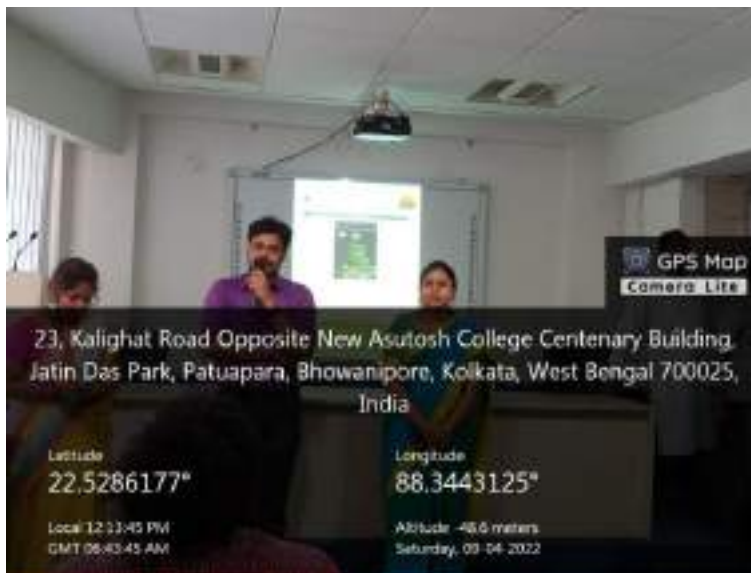

No. of Attendees - 85

EVENT 2

Tree Plantation:

A tree was planted in the college boundary to raise awareness among people of the importance of trees for the environment and also in our daily lives.

During Plantation:

No. of Attendees – 85

Impact on attendees- Just living is not enough; one must have sunshine, freedom, and a little flower.” – Hans Christian Andersen.

Nature is God’s most beautiful creation. It felicitates the growth, development and nourishment of all its creatures. Our college took the initiative of tree plantation to enable the students to enhance their intellectual, social, personal and emotional growth. **The “TREE PLANTATION DRIVE” was organized in the college on Saturday, 9th April, 2022 for all students.** The campaign’s main aim was to direct student’s mind in constructive activities with the positive outcome through the facilitation of contributing to the society.

The students participated in the drive enthusiastically and helped each other in planting the saplings. The saplings were planted in the college ground by students.

The students along with the teachers also took an oath to look after the planted saplings, plant more and more trees and encourage others to do the same. Some of the students also shared their experiences and shared their joy with others.

Such little steps taken together by the college and students will surely help in fostering strong mental and social health amongst today's generation so that they connect with their peers, their elders, their community and their environment.

EVENT 3

Poster Presentation: The list of Participants along with their respective topics is provided below:

UNDER GRADUATE

A. 2nd SEM

GROUP	1	2
TOPIC	Waterlife Crisis	Wildlife Conservation
PARTICIPANTS	Tulika Moulik Archita Chatterjee Urjaswee Bhowmik Sohini Mondal Swastik Guha Rituraj Ghosh Shinjini Ghosh Dhiman Mandal Rituparna Dutta	Tathagata Chakraborty Anubhav Dey Indrayan Ray Debatriya Mitra Koushiki Nath Lagnajita Ghosh Arpan Mondal Aindrila Gargain Subhankar Baidya

B. 4th SEM

GROUP	1	2
TOPIC	Nature-Society-Economy Relationship (Save Environment)	Overpopulation
PARTICIPANTS	Ayan Kr. Dey Sibaditya Mondal Nistha Bhattacharya Rijupalika Roy Maharnab Routh	Rajashree Sain Iffa Tasnim Rahaman Tahsin Tainab Sulekha Das Ziniya Ghatak Krishnendu Ghosh Bijit Chatterjee

C. 6th SEM

GROUP	1	2
TOPIC	Coral Bleaching	Climate Induced Famine in Madagascar
PARTICIPANTS	Aditi Pal Rupkatha Saha Pritha Das Joydeep Das Mayukh Sengupta	Mrittika Das Poushali Ghosh Arpita Ghosh Sayantani Halder Debangana Bhattacharya Rohit Kr. Singh

		Koyel Basak
--	--	-------------

POST GRADUATE

D. 2nd SEM

GROUP	1	2
TOPIC	Radioactive Wastes and its Effects	Glacier Meltdown, A Turbulent Future
PARTICIPANTS	Ananya Naskar Dipjit Majumder Shaibal Seal Puja Sinha Dipannisha Dey Shreya William Sumedha Roy Milan Sahadevan Kuleri	Sanjukta Chakravorty Snigdha Mukherjee Dipesh Saha Pabitra Chakraborty Archita Mitra Suchismita Roy Sanjukta Maity Arunima Bhowmick

E. 4th SEM

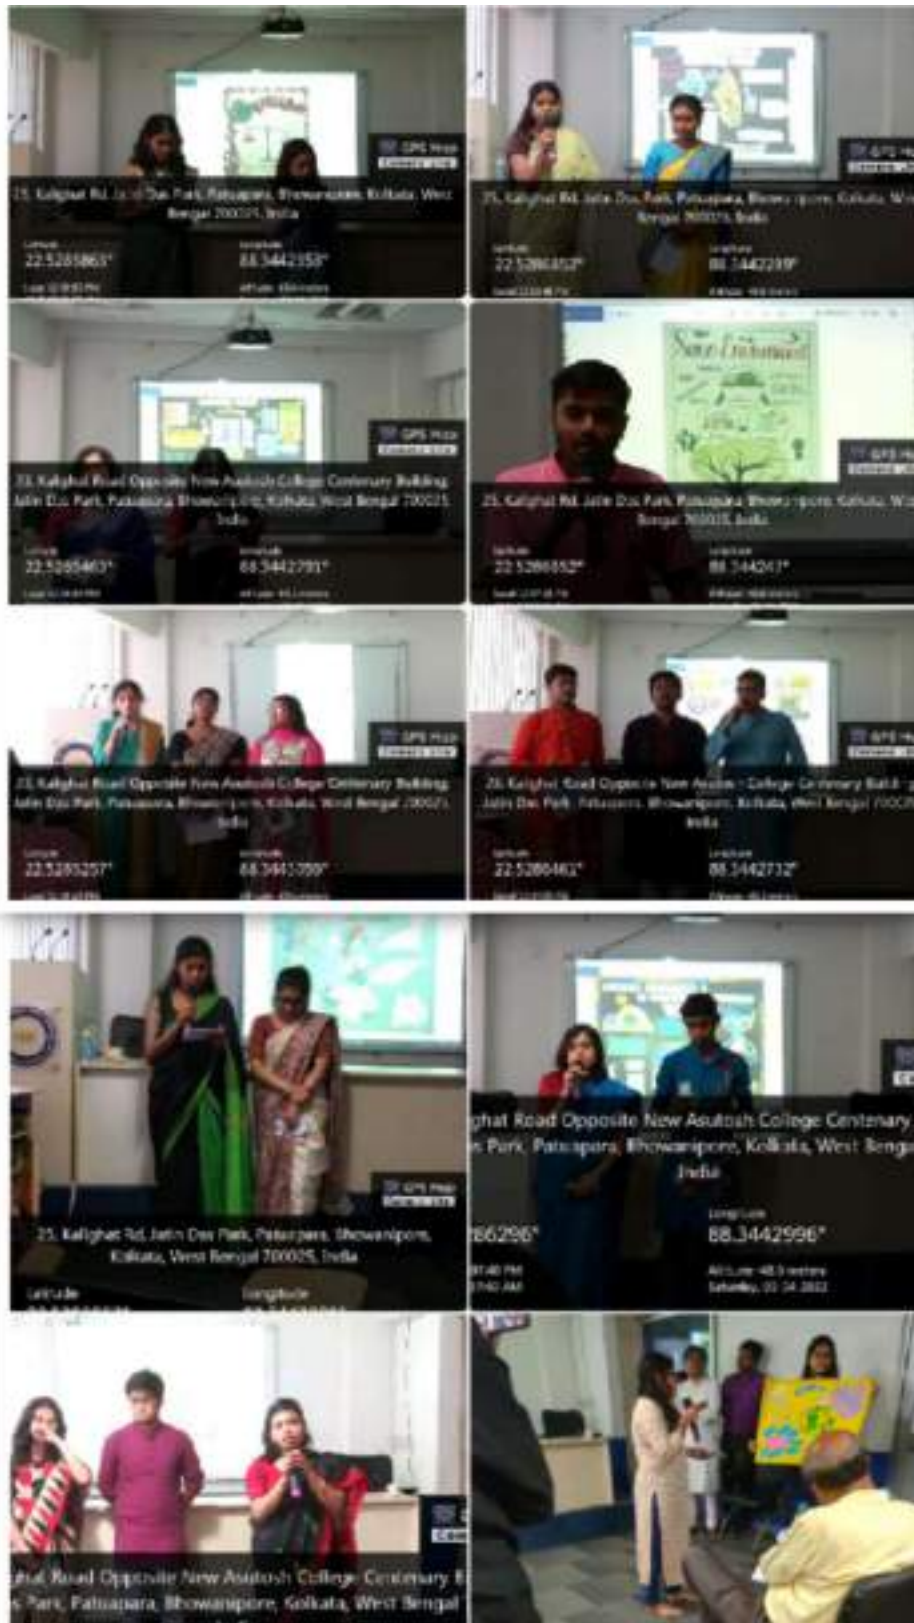

GROUP	1	2
TOPIC	Biodiesel	The Pride of West Bengal
PARTICIPANTS	Anamika Jha Bidisha Chatterjee Chiradeep Das	Bidisha Chatterjee Priyanka Mandal Chiradeep Das

	<p>Sayani Dey</p> <p>Priyanka Mandal</p> <p>Nandini Chaturvedi</p> <p>Shreya Dasgupta</p> <p>Paromita Mondal</p>	<p>Sayani Dey</p> <p>CS Samrat</p>
