Step 1:

For first time User (examination portal) only:

After opening examination portal students are directed to click on New Registration (*one time* **registration required for whole examination period)** before submit/ upload their answer script (students may register his or herself **before** the first date of examination).

For already registered User (in examination portal):

Login with your old credentials (User ID & Password) and submit answer script.

Step 2:

For uploading answers script, students need to select Semester, subject and paper from drop down. Only current ongoing subjects and papers will be displayed in the portal.

Students can upload their answer scripts multiple times during the stipulated time period. But only the last uploaded script will be accepted for evaluation.

Do not use special characters like **- / * spaces** in the file name. Uploaded single **PDF** should be **within 25MB** of size (all answer script should be in single pdf file for their current examination).

Upload Single pdf for internal and tutorial.

All Uploaded answers / file will always be available for viewing, even after the schedule time.
