

Event no. 2

## **SOCIAL OUTREACH PROGRAM**

As part of our college commitment to the wider community, we at the NSS unit organized a Community outreach day on Wednesday 30th March, 2022.

Our focus was a deprived area at Patuapara, within walking distance from college.

We tied up with BALAKA, a local club, where we had been earlier, during the pandemic, trying to provide some teaching to the students.

The club was contacted and very generously allowed us to make use of its premises.

Our contact in the locality was activated and asked to identify the most deprived families, to whom we would distribute mosquito nets.

This was done by a team of about 20 NSS volunteers on 30th March, a day of scorching heat.
