

Report on seminar on

An Introduction to OPAC (ONLINE PUBLIC ACCESS CATALOGUE)

The seminar on An Introduction to OPAC (ONLINE PUBLIC ACCESS CATALOGUE) was conducted on 10th August 2022 at Asutosh College Bhasa Campus Seminar Hall. It was presented by Rishi Bhattacharya SACT in Computer Science welcoming all attendees and expressing gratitude for their participation.

The session provided a comprehensive introduction to Online Public Access Catalogue (OPAC) systems. The speaker explained their pivotal role in libraries, facilitating efficient search and retrieval of library resources. The session focused on the features and functionalities of modern OPAC systems. Topics discussed included advanced search options, personalized user interfaces, integration with digital resources, and real-time availability status.

The seminar concluded with an interactive question and answer session, allowing students to seek clarification on specific OPAC related topics. Participants asked questions and the speaker provided detailed answers fostering and enriching exchange and information.
