

TITLE OF EVENT:

Experiential Learning organized by Department of Botany

THEME OF THE EVENT:

Visit to Medicinal Plant Garden at Agri-Horticulture Society, Alipore, Kolkata

ACADEMIC SESSION: 2024 to 2025

DATE: 21.11.2024

VENUE:

Agri-Horticulture Society, Alipore, Kolkata

OBJECTIVE/ PURPOSE:

Study of different medicinal plants grown in field and nursery and also to identify the plants through organoleptic study

RESOURCE PERSONS/ FACULTIES:

Dr. Soma Halder and Dr. Mithu Biswas of Department of Botany, Asutosh College

PARTICIPANTS: STUDENTS OF SEMESTER –III (Botany Major) CCF-C.U.

ATTENDANCE SHEET: *(ENCL)

BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:

Students spent almost 2 hrs in the garden observing the different morphological aspects of medicinal plants in identifying them.

EXPECTED OUTCOME:

Medicinal plants are the rich resources of India and have been used in folkloric medicine and traditional medicine (AYUSH) since time immemorial. Students while studying Botany must get acquainted with these medicinal plants and must identify the commercial medicinal plants so that later on they can use their knowledge base in developing entrepreneurship programme.
