

SEMINAR organized by Dept of Computer Science.

- **TITLE OF EVENT/ PROGRAMME (SEMINAR/ WEBINAR/ WORKSHOP/ EXTENSION LECTURE/ EXTENSION ACTIVITY/ KNOWLEDGE TRANSFER ACTIVITY/ ANY OTHER ACTIVITY):** Seminar on Career in Computer Science
- **THEME OF THE EVENT/ PROGRAMME:** Research as Career in Computer Science
- **DATE:** 04/07/2024
- **VENUE:** R6, ACTC Building, Asutosh College.
- **COLLABORATOR/S (IF ANY):** IQAC, Asutosh College
- **OBJECTIVE/ PURPOSE:** The objective of this seminar is to guide B.Sc. and M.Sc. Computer science students in identifying and exploring potential research activities they can undertake after completing their master's degree. It aims to familiarize students with various entry points and pathways for pursuing higher studies, including national and international opportunities. Additionally, the seminar provided insights into relevant research areas and suggest specific topics to help students make informed decisions when applying for fellowships and choosing their future research direction.
- **SPEAKER/S / RESOURCE PERSON/S:** Dr. Tanmoy Kundu (Assistant Professor, Dept of Computer Science and Engineering, IIIT Delhi).
- **TARGET AUDIENCE/ PARTICIPANTS:** Faculty members and students of Dept of Computer Science.
- **ATTENDANCE SHEET** (If available): Available in hard copy.

BRIEF REPORT ABOUT THE EVENT/ PROGRAMME: The seminar provided valuable insights into the process of applying for research work after completing a master's degree. The speaker Dr. Tonmoy Kundu shared his own experiences and discussed the steps involved in securing research opportunities. He also spoke about the topic of his current fellowship and elaborated on the research areas he is involved in. The session saw active participation from the attendees, with students engaging in thoughtful queries and discussions. Furthermore, the speaker extended an invitation to interested students to apply as junior researchers under his guidance at IIIT Delhi, encouraging them to take their first steps into the research field.

- **EXPECTED OUTCOME:** As a result of the seminar, students are expected to develop a clearer understanding of the application process for research positions and fellowships after completing their master's degree. Dr. Tonmoy Kundu's discussion of his own research journey and fellowship topic provided practical insights that can help students relate academic knowledge to real-world research. The session is likely to inspire students to explore research opportunities more actively and consider pursuing higher studies. Additionally, the speaker's invitation to join as junior researchers at IIIT Delhi is expected to encourage motivated students to take initiative and apply, thereby gaining early exposure to academic research under expert guidance. Overall, the seminar anticipated to spark greater interest in research and help students identify suitable areas for their future academic and professional pursuits.
