➤ **BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:**

Learning can never be simply a classroom experience or limited to academic pursuits for the sake of a degree or diploma. Tremendous changes in the world around us have been mirrored in the changes in the syllabus. A community outreach programme by the students of the Department of English was organized as a part of the extension activity on April 24, 2025. The programme was conducted in the adjoining areas of Asutosh College in order to infuse a sense of social responsibility among the students. It is expected that the lessons they learnt from the programme will help them to develop into better human beings and more responsible citizens in society. Food packets were distributed among the pavement dwellers in order to generate fellow-feeling and kindness among the students. They also learnt social skills such as behavioural practices and exchange of human gestures. The students participated in the outreach programme finally appeared to be happy and committed towards serving the humanity in the future. They gathered knowledge of some common values of human service.

- **EXPECTED OUTCOME:** Students would be instilled with a sense of responsibility towards society, and also evolve in a more humane way with empathy, kindness, and fellow-feeling towards those less privileged.
