Celebration of Van Mahotsav Week

Tree Plantation Programme

Extension Activity Committee, Asutosh College

Extension Activity Committee of Asutosh College in collaboration with IQAC and Forest Department, Govt. of West Bengal observed Van Mahotsav (Tree plantation programme) on 5th July, 2022. The members of the committee and students of the college planted saplings of many indigenous tree species on the avenues of Jodhpur Park area ward no. 93. Botany Department of our college selected few tree species like *Nerium oleander*, *Lagerstroemia speciosa*, *Murraya paniculata*, *Tecomastans* having ecological significance and aesthetic beauty which were supplied by Department of Forest, WB and the other initiatives were taken by Smt. Mousumi Das, the councilor of ward no.93, KMC, to make the programme successful.

The 'Van Mahotsav', festival is a beautiful initiative to save the environment is celebrated every year from 1st July to 7th July in India to spread awareness on forest conservation in India. Native trees are planted as they are readily adapted to the local conditions and have a high survival rate. Such trees integrate into eco-systems, supporting birds, insects and animals as well.

Members present:

Dr. Keya Ghosh

Dr. Mithu Biswas

Dr. Priyadarshini Mallick

Smt. Shramana Roy Barman

Smt. Arundhati Ganguly

Jt. Conveners:

- ✓ Dr. Manidipa Kahali, Associate Professor in Physics
- ✓ Dr. Soma Halder, Associate Professor in Botany
- ✓ Dr. Keya Ghosh, Associate Professor in Chemistry
- ✓ Dr. Shramana Roy Barman, Assistant Professor in Environmental Science
- ✓ Dr. Rimjhim Ray, Assistant Professor in Psychology

Conveners:

- Dr. Anindita Dey, Assistant Professor in Botany
- Dr. Surjya Sarathi Bhattacharyya, Assistant Professor in Physics
- Dr. Mithu Biswas, Assistant Professor in Botany
- Dr. Tapan Kumar Roy, Assistant Professor in Zoology
- Dr. Kunal Sinha, Assistant Professor in Electronics
- Sri Gajendra Nath Maity, Assistant Professor in Microbiology
- Dr. Shyamalina Halder, Assistant Professor in Bio-Chemistry
- Dr. Poulami Khan, Assistant Professor in Bio- Chemistry
- Dr. Arundhati Ganguly, Assistant Professor in Environmental Science
- Dr. Utpal Kumar Barman, Assistant Professor in Industrial Fish and Fisheries
- Sri Rahul Mondal, Assistant Professor in Industrial Fish and Fisheries
- Dr. Pranab Kumar Das, Assistant Professor in Microbiology
- Dr. Sayanti Kar, SACT in Environmental Science
- Dr. Prasenjit Pandey, SACT in Chemistry

Students participated in the activity:

- Debatriya Mitra, Environmental Sc. (UG) - sem 3.
- Bhaswati Bhattacharya, Biochemistry - sem 2.
- Soumyadeep Paul, Biochemistry - sem 2.
- Subhradeep Ghosh, Microbiology - sem 5.
- Rudranil Bhattacharya, Microbiology – sem 5.

Introduction

An extension activity had been organized on 20th February 2023 to Bhowanipur Girls' High School, Sahapur Mathuranath Vidyapith (HS), Mitra Institution and Beltala Girls' High School to evaluate the following parameters

- To analyze the potability of drinking water in tank and reservoir of school
- To measure the level of noise in campus
- To check the status of Drainage system
- To check the status of Solid Waste Management
- To check the status of Electrical Wiring

A team of Asutosh College visited school premises to collect sample and check status. By reviewing and analyzing each component a report was prepared and submitted to the respective schools.

SUB - PRAYER FOR CONSULTANCY FROM ASUTOSH COLLEGE

- To analyse the potability of drinking water in a tank and reservoir in school
- To measure the level of noise in the campus
- To check the status of Solid Waste Management
- To check the status of electrical wiring
- To Check the drainage systems

Sir

We request the departments of Environmental Science, Bio-Chemistry, Chemistry, Physics, Micro-biology and Zoology of your college to provide guidance/consultancy in testing the water quality of our water tanks/reservoirs, checking the drainage, air pollution, electrical wiring and solid waste disposal management, of our school. Awaiting and affirmative response from your end, and thanking you in anticipation.

Sincerely Yours

Teacher-in-Charge

REPORT

A report on SOLID WASTE MANAGEMENT IN SCHOOL is prepared by Extension Activity team members of Asutosh College, based on a survey during school visit on 20.02.2023.

Name of the School: BHOWANIPORE GIRLS' HIGH SCHOOL

Total student strength: 75 Teaching and non-teaching staff: 20
Number of classrooms: 30 Number of office rooms: 02

Sl.No	Criteria	Standard Practices	Survey Report	
1.	Kitchen / canteen waste composting facility	Yes	Yes	No ✓
2.	*Waste separated in recyclable and general waste	Yes	Yes	No ✓
3.	Quality of waste bins	Covered and tidy	Covered ✓ and tidy	Uncovered
4.	Waste haulers	KMC for daily collection Local waste dealer Pvt. agency for e-waste	Yes ✓ Yes Yes	No ✓ No ✓ No ✓
5.	Dumpsters present	Yes	Yes ✓	No
6.	Provision for reducing trash volume	Yes	Yes	No ✓
7.	Availability of recycling facility	Yes	Yes	No ✓
8.	Allocation of separate fund on waste management	Yes	Yes	No ✓
9.	Activity / fun learning for reduce-reuse-recycle of waste	Yes	Yes ✓	No
10.	Waste management education in course curriculum	Yes	Yes ✓	No

*Recyclable waste: Glass, paper, wood (furniture), cardboard, plastic, batteries, textiles and metals. Biodegradable waste such as kitchen or food waste and garden waste can be composted and recycled.
*General waste: Ceramic, polystyrene packaging, paper towel, sanitary waste, snack wrappers and metals that cannot be recycled.

We visited the Bhowanipur Girls' High School and studied the above-mentioned system thoroughly. It has been observed that overall the school maintained their systems thoroughly and improved the faults reported in the previous years. However, some minor faults are found that need to be rectified to avoid any accidents. The authorities of the school are informed about the findings.

REPORT

A report on SOLID WASTE MANAGEMENT IN SCHOOL is prepared by Extension Activity team members of Asutosh College, based on a survey during school visit on 20.02.2023.

Name of the School: MITRA INSTITUTION
Total student strength: ~1100 Teaching and non-teaching staff: 47
Number of classrooms: 40 Number of office rooms: 3

Sl.No	Criteria	Standard Practices	Survey Report
1.	Kitchen / canteen waste composting facility	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
2.	*Waste separated in recyclable and general waste	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
3.	Quality of waste bins	Covered and tidy	Covered <input checked="" type="checkbox"/> / Uncovered <input type="checkbox"/> and tidy <input checked="" type="checkbox"/>
4.	Waste haulers	KMC for daily collection Local waste dealer Pri. agency for e-waste	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
5.	Dumpsters present	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
6.	Provision for reducing trash volume	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
7.	Availability of recycling facility	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
8.	Allocation of separate fund on waste management	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
9.	Activity / fun learning for reduce, reuse-recycle of waste	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
10.	Waste management education in course curriculum	Yes	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>

*Recyclable waste: Glass, paper, wood (furniture), cardboard, plastic, batteries, textiles and metals.
Biodegradable waste such as kitchen or food waste and garden waste can be composted and recycled.
*General waste: Ceramic, polystyrene packaging, paper towel, sanitary waste, snack wrappers and metals that cannot be recycled.

We have visited the Mitra Institution school and studied the above-mentioned system thoroughly. It has been observed that over all the school maintained their systems thoroughly and improved the faults reported in the previous years. However, some minor faults are found that need to be rectified to avoid any accidents. The authorities of the school are informed about the findings.

An account of the activity

The Department of Mathematics, Asutosh College organized a food distribution camp on 28th September, 2022 to distribute food among the street children. The poster for the event is attached above in this report.

The students and the teachers of the department of Mathematics of Asutosh College visited the nearby slum area in the proximity of the college on 27.9.2022 near the Rajeshwar Dasgupta Road, Bhawanipore, Kolkata-700025 to look for poor and needy street children and distributed food coupons among them. There were total 40 children to whom food coupons were distributed. They were instructed to gather behind the college main campus in the Rajeshwar Dasgupta Road on 28.9.2022 at 2 PM with the food coupons. On 28.9.2022 at around 2 PM the food packets containing chicken biryani were distributed to the children. The children were very happy to receive the food packets. Earlier, the students and the faculty members of the departments collected funds to arrange for this event of food distribution. All the activities were done in collaboration with the Internal Quality Assurance Cell (IQAC) of the college. All the students and teachers of the department are really happy to have been able to contribute to the society in whatever small way they could. They are happy to see the little smiling faces. Few pictures of the event is attached below. In future, the department is committed to serve the society with all the resources it has.

EXTENSION AND COMMUNITY OUTREACH PROGRAM: ECONOMICS-(JULY 2022-JUNE 2023)

EVENT I-WALK FOR PARALYMPICS

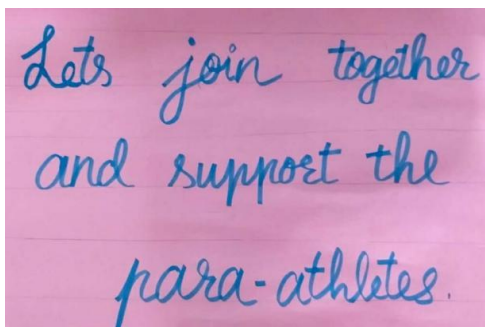

Date: 28.08.2022

Name of the Department: Economics

Summary of the event: The third semester students took the initiative to join a walk for Paralympiads. This was organized by Civilian Welfare Foundation on 28th August, 2022. The students made posters on their own and displayed in the walk. Around eight students participated in the walk. The students were provided with certificates for participation. The students became aware of the significance of the program and vowed to take part in more such activities

Benefits/outcome of the initiative for the students: The students had a new experience. They understood the importance of participating actively in social awareness programme. They shared their experience with other students of the department that encouraged the latter to take part in more such events. It was a good exposure for them.

EVENT 2: WALK FOR DENGUE AWARENESS PROGRAMME

Date: 11.11.2022

Name of the Department: *Economics*

Summary of the event: The third semester and the fifth semester students took the initiative to join dengue awareness program in association with the NSS unit of the college. It was a social awareness program that conveyed a message of how to combat with dengue and related diseases. The students participated in a walk held in Soth Kolkata around Kalighat, Rashbehari and Deshapriyo Park area. Around eight students of the department participated in the walk. The students became aware of the significance of the program and vowed to take part in more such activities in future.

Benefits/outcome of the initiative for the students: The students had a new experience. They understood the importance of participating actively in social awareness programme. They shared their experience with other students of the department that encouraged the latter to take part in more such events. It was a good exposure for them.

EVENT4 : EXPLORING RESERVE BANK OF INDIA MUSEUM

Date: 05.04.2023

Name of the Department: *Economics*

Summary of the event: The sixth-semester students were taken to the Reserve Bank of India museum on 5.4.2023. The program was scheduled after settling the dates with the concerned Reserve Bank of India officials. Around 22 students joined the program. They were accompanied by two teachers of the Department. On arrival, the curator of the museum gave a wonderful presentation showing in detail the history of the Reserve Bank of India. Then the students were shown the transition from the barter economy to the money economy, artefacts relics of yester years as well as a present-day monetary system. They were also shown how RBI printed bonds in previous years. The curator was with the students all throughout the visit explaining the significance of all displayed items of the museum.

Benefits/outcome of the initiative for the students: The students enjoyed their visit. They learned about RBI and its policies on monetary instruments as a part of their course curriculum. Through the displayed items, they could link with what they have learned. It was a good experience for them.

TITLE OF THE EVENT: Wildlife Awareness Rally

PARTICIPATING DEPARTMENT: ZOOLOGY

ACADEMIC SESSION: 2022 - 2023

DATE: 13th November, 2022

VENUE: Roadside from Asutosh College to Deshapriya Park.

OBJECTIVE/ PURPOSE: To sensitize young generations about Conservation of Nature and Biodiversity.

SPEAKER/S / RESOURCE PERSON/S: Members of Anubhav NGO

TARGET AUDIENCE/ PARTICIPANTS: Students of Undergraduate and Postgraduate Studies from different Colleges of Kolkata

BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:

This year Department of Zoology had participated in a Wildlife Awareness Rally on 13th November, 2022, Sunday. Students, faculty members, faculty kids have enthusiastically joined foot with approximately 2500 students from various schools and colleges of Kolkata and adjoining areas. The organizers of the rally - Anubhav is persistently sensitizing young generations about the importance of Nature conservation and respecting the biodiversity from a scientific mindset. Department of Zoology, Asutosh College has been the partner of initiative programme since last 5 years. The rally begins from the gate of Asutosh College and completes at Deshapriya Park. Many prominent personalities from West Bengal join hand with the organizers to make the event a grand success

EXPECTED OUTCOME:

Students will learn about the importance of conservation of nature and biodiversity. They will disseminate this message to the larger part of the society. As a result, we can protect our mother nature and make the environment sustainable.

TITLE OF THE EVENT: “Eat Well Live Well”

PARTICIPATING DEPARTMENT: BIOCHEMISTRY

ORGANIZING COMMITTEE: Innovative Cell & IQAC, Asutosh College

ACADEMIC SESSION: 2022 - 2023

DATE: 30th JULY, 2022

VENUE: Gariaand Brijji area, Kolkata.

OBJECTIVE/ PURPOSE: To sensitize the mothers about the nutritional values of various homemade foods and a concept of balanced diet.

SPEAKER/S / RESOURCE PERSON/S: Members of Innovative Cell & IQAC, Asutosh College

TARGET AUDIENCE/ PARTICIPANTS: 30 children and their mothers in a slum region of Kamdahari, Garia

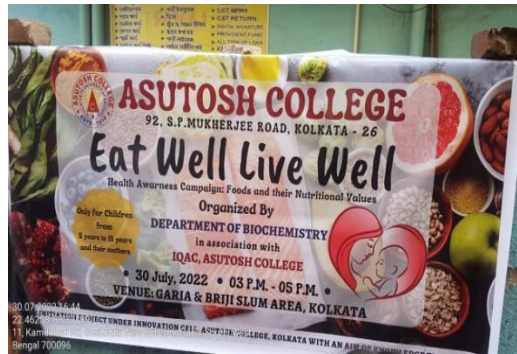

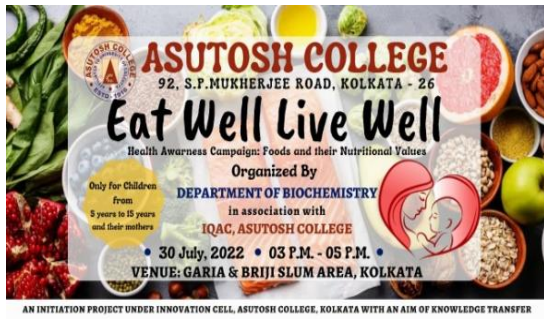

BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:

The Department of Biochemistry organized an awareness program entitled: “Eat Well Live Well” as a part of the “Initiation Project under Innovative Cell” of Asutosh College, Kolkata. This was the second awareness program after the health camp organized earlier in June, 2022 targeting the children of age 5 years to 15 years and their mothers from under privileged zone of Garia and Brijji area, Kolkata. The program was conducted in a slum region of Kamdahari, Garia with 30 children and their mothers. Out of these thirty children, five were of 5 years old while rests were between 10 to 15 years. Their mothers were of ages from 22 to 30 years. Three students from semester IV of the Department of Biochemistry gave an interesting lecture in lucid language on the various types of healthy foods, their nutritional values, daily requirements and how to prepare them easily. The children were also made aware of the unhealthy foods that need to be avoided to lead a good healthy life. The importance of drinking water and its daily requirement was also discussed. The importance of sanitization before and after taking meals was emphasized in the lecture.

Benefits/outcome of the initiative:

The sole purpose of conducting the awareness program by the Department of Biochemistry was to provide a basic knowledge and understanding of the importance of having proper nutrition for the growth and development of children and adolescents among the underprivileged target groups. The present audience also got an idea about the nutritional values of various foods that they were already taking every day. They also got enlightened about the making of home-made nutritious foods and how to include a balanced diet in everyday life. Even the students had a chance to outreach the common mass and transfer their acquired knowledge on the subject among the people.
