NAME	DESIGNATION/ YEAR
Anirban Kundu	Research Scholar
Sreya Mukherjee	Research Scholar
Sayani Mukhopadhyay	Associate Professor.
Swapan Talukdar	Assistant Professor

- **BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:** The Student Seminar for PG SEM-II students of Geography, themed "Regional Planning," was held on 19th April 2024 in the GIS Lab, 4th floor of Asutosh College, as part of the 2023-2024 academic session. The event aimed to train students in open classroom interaction, enabling them to express their views and learn formal speaking and PowerPoint presentation techniques. The seminar featured Dr. Sayani Mukhopadhyay and Dr. Swapan Talukdar as programme coordinators, who provided valuable insights and facilitated discussions. The target audience included PG SEM-II students and research scholars from the department, who actively participated in the seminar, contributing to a vibrant academic exchange. The interaction fostered a collaborative learning environment, enhancing students' presentation skills and their understanding of regional planning concepts.
- **EXPECTED OUTCOME:** The student seminar on regional planning successfully achieved its objectives, with participants demonstrating significant improvements in their presentation and formal speaking skills. Students showcased their ability to articulate complex geographical concepts effectively and utilized advanced PowerPoint techniques to enhance their presentations. The interactive nature of the seminar fostered a collaborative learning environment, encouraging open dialogue and critical thinking. Feedback from both students and resource persons, Dr. Sayani Mukhopadhyay and Dr. Swapan Talukdar, highlighted the seminar's effectiveness in boosting students' confidence and readiness for academic and professional engagements.
