BRIEF REPORT ABOUT THE EVENT/ PROGRAMME: The children heartily received the team from Department of Geology, Asutosh college and its ex-students with flowers. The members of the team taught the children about sanitary practices for maintain hygiene which may keep many diseases away. The practices of daily life which are environment friendly and also the manifold disadvantages of using plastic articles and how the use of plastic can be avoided were taught. The team also presented cakes, biscuits, exercise books pencils etc. to the children.

EXPECTED OUTCOME: The little children were happy having the exercise books, pencils etc. We expect that at least a few children will follow proper sanitary practices to maintain health and hygiene and they will also propagate the knowledge of sanitary practices, environment friendly practices into their acquaintances.
