

## **One-day State Level Workshop on Filmmaking, in collaboration with ZIMA and ZICA, conducted by Syed Shahbaz Ashraf**

Films have evolved into an integral part of the media landscape. Subsequently, there arises a need for a crucial insight into the art and science of filmmaking. Keeping this in mind, the Department of Journalism and Mass Communication, Asutosh College, conducted a “One-Day State Level Workshop” on Filmmaking, in collaboration with ZIMA (Zee Institute of Media Arts) and ZICA (Zee Institute of Creative Art), on July 6, 2021.

The speaker was Syed Shahbaz Ashraf, a noted filmmaker, cinematographer, and editor. The workshop was an informative one – when asked how beneficial the workshop was on a scale of 1-5, 28 out of the 39 responses opted for 5.
