Department of Mathematics

Report of the Faculty Seminars, July 2022 – May 2023

Occasion: Everyday is Seminar Day.

Venue: Centenary Building.

Phase 1- Seminar 1

Date: 19.09.2022

Name of Faculty: Arpita Paul

Title of the talk: Introduction to Linear Programming Problems

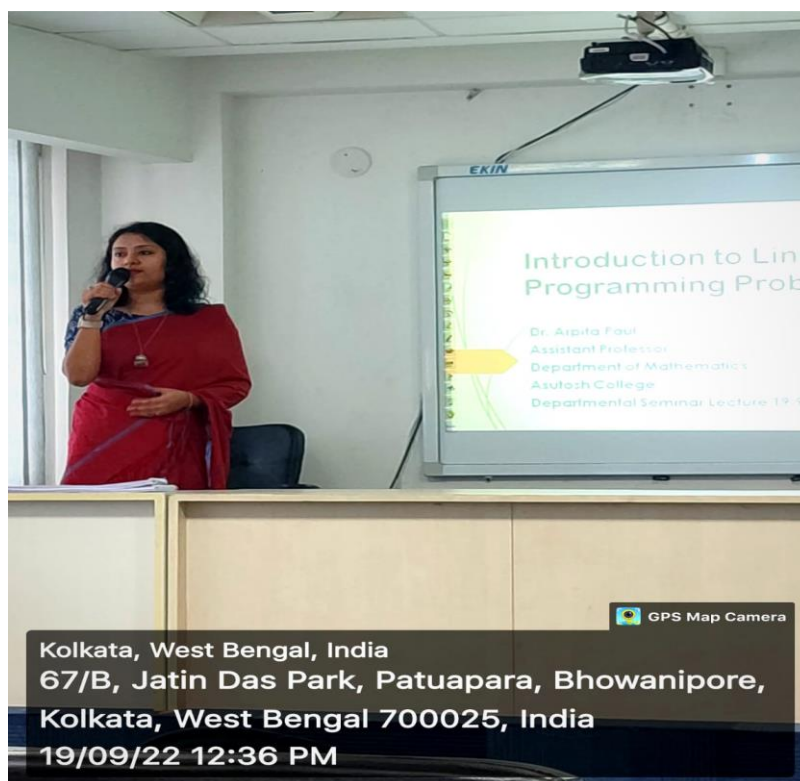

Members present: All the students and the faculties of the department were present in the seminar lecture.

Report: The lecture started at around 12:00 PM. Professor Ashim Sarkar from the Department of Mathematics introduced the speaker, Professor Arpita Paul and invited her to give her lecture. The topic of the lecture was “Introduction to linear programming problems” which is a topic taught in semester V in one of the DSE Papers. All students of semester V and other semesters were present in the lecture. The talk took around 45 minutes to end. The students were enlightened by the lecture. There was a questionnaire session where the students asked few questions to the speaker and the speaker has answered all the queries nicely.

Phase 2- Seminar 2

Date: 21.11.2022

Name of Faculty: Prabir Rudra

Title of the talk: Geometry: A journey from Euclidean to Non-Euclidean

Members present: All the students and the faculties of the department were present in the seminar lecture.

Report: The lecture started at around 12:30 PM. Professor Ashim Sarkar from the Department of Mathematics introduced the speaker, Professor Prabir Rudra and invited him to give his lecture. The topic of the lecture was “Geometry: A journey from Euclidean to Non-Euclidean” which is a topic that caters to the knowledge of every mathematics students in the world. All students of different semesters were present in the lecture and listened to the talk with rapt attention. The lecture was mind boggling. There was a questionnaire session at the end of the talk where the students asked few questions to the speaker and the speaker has answered all the queries with great explanation.

Phase 3- Seminar 3

Date: 27.03.2023

Name of Faculty: Sukanta Bhuina

Title of the talk: Introduction to Ordinary Differential Equations.

Members present: All the students and the faculties of the department were present in the seminar lecture.

Report: The lecture started at around 12:15 PM. Dr. Prabir Rudra, HOD of the Department of Mathematics introduced the speaker, Prof. Sukanta Bhuina and invited him to give his lecture. The topic of the lecture was “Introduction to Ordinary Differential Equations” which is a topic that is being taught to every mathematics students in the freshman year of B.Sc degree both in Hons. and general. All students of first semesters were present in the lecture and listened to the talk with great attention. The lecture was very lucid and interesting. There was a questionnaire session at the end of the talk where the students asked few questions to the speaker and the speaker has answered all the questions affectionately.

Phase 4- Seminar 4

Date: 02.05.2023

Name of Faculty: Ashim Sarkar

Title of the talk: Numbers and Us.

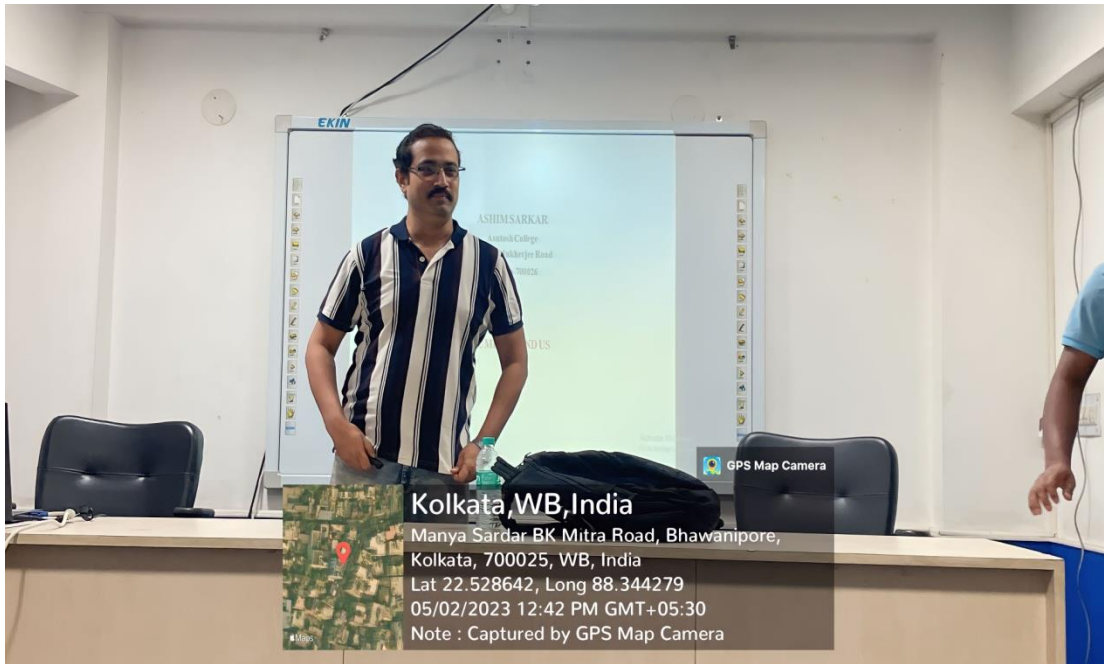

Members present: All the students and the faculties of the department were present in the seminar lecture.

Report: The lecture started at around 12:30 PM. Dr. Arpita Paul, of the Department of Mathematics introduced the speaker, Prof. Ashim Sarkar and invited him to give his lecture. The topic of the lecture was “Numbers and Us”. All students of different semesters were present in the lecture and listened to the talk with undivided attention. The lecture was very interesting. There was a questionnaire session at the end of the talk where the students asked few questions to the speaker and the speaker has answered all the questions nicely.
