The event commenced with a welcome address by Dr. Rimjhim Ray followed by the other faculty members. Dr. Rimjhim Ray discussed about the importance of making better informed choices by the students and the role of parents in their wards’ decision making and motivating them to play an active role by being involved in their decisions. She then explained the CBCS system and the percentage break-up. Dr. Ananya Mondal & Dr. Jhuma Mukherjee who are the teacher-in-charge for the fourth and sixth semesters respectively then discussed about the UGBOS Regulations pertaining to: LNB signatures, late submissions, LMS, internal examinations, routine, timings, practical, theory classes, remedial classes, and maintaining regularity in the classes.

Finally, the guardians were made aware about the various departmental activities, seminars, workshops, case presentations, internships and wall magazine that are being conducted on a regular basis to foster the overall development of the students. The guardians were also informed about the Psychotherapy Unit that is available to cater to the mental health needs of the students. After the teachers' address, the floor was open to the guardians to put forward their suggestions and feedback, if any, anonymously to ensure that a safe space is available to address one's concern. Here is the list of feedback that was received in the meeting:

- Opening of Post Graduate Programme in Psychology at the college and a petition was made for the same by them.
- To expediate the result declaration process for sixth semester as the students who wish to pursue higher studies often face difficulty to apply for such courses because the results are declared after the last date of application is over.
- Facilitate practical examinations by arranging subjects for the candidates.

This was followed by a vote of thanks and a few closing words.
