FOREWORD

As part of an initiative of the Higher Education department of the State Government, the first seven days of the new year were observed as *Students' Week* in educational institutions across our state. And, as one of the premier colleges in the state, Asutosh College also participated in this unique celebration and acknowledgement of the power and potential of the student community. A host of events, most of them on the virtual platform, were organised to mark the occasion. Even the debilitating atmosphere of the pandemic, and the fact that the end-semester examinations were due to commence shortly, could not deter students from participating enthusiastically in the week-long celebration.

Today, the Publication Cell of Asutosh College proudly presents, as its inaugural project of 2022, a report of the immensely successful *Students' Week* programme organised by the college in association with the Asutosh College Students' Union, and in collaboration with the IQAC.

Asutosh College Publication Cell
