- BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:

Department of Software Development, B.Voc Studies has organized a ALUMNI LECTURE on the topic “Humanize the Interaction – a Bot Chat process” in association with IQAC, Asutosh College. The program has been held on 07th April, 2023. The objective of the seminar was to provide an insight on the Chat Bots that allow businesses to connect with customers in a personal way without the expense of human representatives. The programme started at 11:00 am with the welcome address by Mr. Rishi Bhattacharjee. Mr. Tirthajit Nandi, Service Manager – Bot Chat Process, Pemlix Technology Solution Pvt. Ltd who is an ex student of the department came up with his lectures. Students as well as faculty members of department attended the session.

- EXPECTED OUTCOME:

This program will give knowledge to the latest advancements, practical applications, and ethical considerations to the present students. Talking robots are used in a wide range of applications, including customer service, education, and entertainment. They are also being developed for use in healthcare and other industries where human-like communication is important. Participants can expect insightful sessions, expert talks, and networking opportunities.
