## INDUSTRIAL AQUACULTURE & FISHERIES, B.VOC STUDIES

Asutosh College is celebrating “Every day is seminar day”. On the occasion of this we, the department of Industrial Aquaculture and fisheries, B.Voc. studies has organised a seminar on 2<sup>nd</sup> December, 2022, in association with the IQAC, Asutosh College.

### *Prospects of the seminar*

The seminar has focused to develop the students with the idea about “Common Fresh Water Fish Diseases” along with examples, so that students can gather real time experience. They came to know about various aspects of fish diseases, pathogens, fish health study from this seminar. They will be benefitted in future when they will engage in any fish farm as Farm Manager or Farm Technician.

The seminar witnessed the bright presence of eminent resource person Dr. Mukti Chanda Paul. She is an eminent professor in the field of Fishery Science, since 2008. She is 1<sup>st</sup> class 1<sup>st</sup> in B.Sc. (Industrial Fish and Fisheries) from Calcutta University and also the 1<sup>st</sup> class 1<sup>st</sup> Gold Medallist in M.Sc. (Fisher Science) from Vidyasagar University. She did Ph.D. in Fishery Science from Vidyasagar University. She did her research in the field of parasitology in ornamental fishes of West Bengal, and has published lots of science article in different journals.

After the enriched presentation, there was a short discussion regarding the topic.

The entire seminar has been conducted by the internal faculty of the department.

The students were benefitted due to the seminar presentation.
