

**One Day Webinar  
On  
“Optimising Or Maximising Growth? A Challenge For Sustainability”**

Department of Software Development, B. Voc Studies has organised a webinar on the topic “Optimising Or Maximising Growth? A Challenge For Sustainability ” in association with IQAC, Asutosh College. The webinar has been held on 24th June, 2022.

**Theme of the Webinar**

In recent days, both sustainability and optimization concepts have become inseparable developing topics with diverse concepts, elements, and aspects. The principal goal of optimization is to improve the overall sustainability including the environmental sustainability, social sustainability, economic sustainability, and energy resources sustainability through completing the objective functions. Hence , applying optimization algorithms and methods to achieve the sustainable development have significant importance.

**Eminent Resource Persons**

We are honoured that the lecture is given by eminent resource person Dr. Romit Beed, Assistant professor & Head, Department of Computer science, St. Xavier’s College (Autonomous), Kolkata.
