- **TITLE OF EVENT/ PROGRAMME:** Three Days workshop on SQL Concepts.

- **THEME OF THE EVENT/ PROGRAMME**: "Unlocking the Power of Data: Mastering SQL for Real-World Applications"

- **ACADEMIC SESSION:** 2024 – 2025

- **DATE:** 10th -12th March, 2025

- **MODE:** Online

- **OBJECTIVE/ PURPOSE:** The primary objective of the Workshop on SQL Concepts is to provide participants with a strong foundation in Structured Query Language (SQL), enabling them to effectively manage, query, and analyze data stored in relational databases. The workshop aims to enhance participants' technical competency in handling data-driven tasks, which are critical in various domains such as data analytics, software development, business intelligence, and database administration.

- **SPEAKER/S / RESOURCE PERSON/S:** Nidhi Gupta, Senior Analyst (target Ex American Express), Vishal Raj Sr. Manager Analytics (Amazon, Airtel)

- **TARGET AUDIENCE/ PARTICIPANTS:** Students of Department of Software Development, B. Voc Studies.
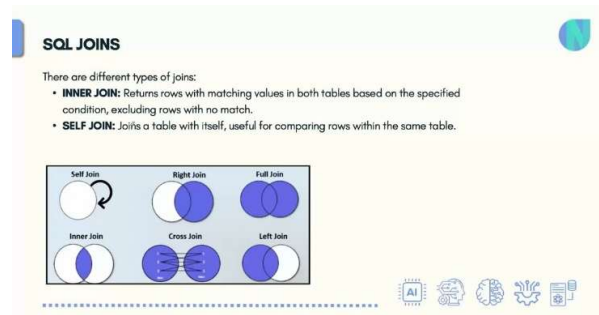

- **ATTENDANCE SHEET:** Yes

- **BRIEF REPORT ABOUT THE EVENT/ PROGRAMME:** The **Workshop on SQL Concepts** was a successful and informative event. It served as a valuable platform for learning core SQL skills, essential for academic projects, internships, and future careers in data-driven domains. The organizing team extends its gratitude to the speaker, participants,

and all those who contributed to the smooth conduct of the workshop. The workshop provided students with a unique opportunity to dive deep into SQL concepts through real-world use cases and hands-on training. The workshop reinforced the importance of practical, skills-based learning in preparing students for the fast-evolving world of data analytics. By working on real-world scenarios, participants improved their SQL expertise and learned how to apply these skills in solving complex business problems.

➢ **EXPECTED OUTCOME:**

- Participants gained practical exposure to SQL query writing.
- The session enhanced participants' understanding of database concepts.
- Attendees were able to solve basic to intermediate SQL problems by the end of the workshop.
- Many participants expressed interest in pursuing further studies or certification in SQL and data analytics.

➢ **SCREENSHOT PHOTOGRAPHS:** Yes

➢ **POSTER of the PROGRAM:** Yes

➢ **STUDENT CERTIFICATE:** Yes

Certificate 1

Newton School

Certificate of Completion

Proudly presented to

Subhadip Sarkar

For successfully completing the course on **13th March 2025**, with distinction demonstrating exemplary knowledge and skills in various aspects of the course

3 Day SQL Basics Course

An online course offered by Newton School
